Transit Tip - Terminal Information	143

How is Halifax Transit Changing?

As our city changes, so do our public transit needs. The *Moving Forward Together Plan* will improve our transit system to better meet the needs of residents in the Halifax region, now and in the future.

The *Moving Forward Together Plan* includes a redesign of the Halifax Transit route network which will consist of various service types. To easily understand each route's service type, every service type will have a unique range of route numbers. For example:

Corridor Routes: 1-10

Local Routes: 20-99

Express Routes: 100-199

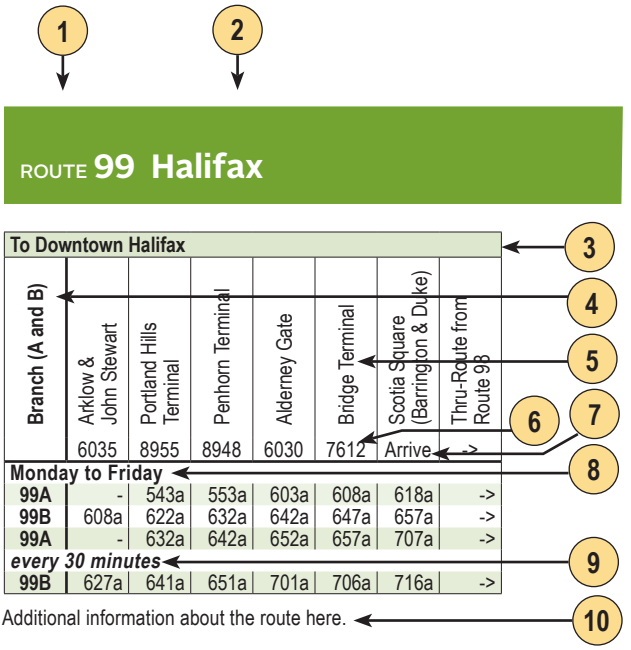
Regional Express Routes: 300-399

Rural Routes: 400-499

With this new system, just by looking at the route number, riders will be able to understand the service type and frequency of the route. The revamped transit system allows for new, more direct and frequent routes to make our transit network faster, more reliable and easier to understand.

Understanding the Route Schedules

This Riders' Guide contains timetables for all Halifax Transit routes in numerical order. The diagram below explains how to interpret the schedules.



1. **Route number**
2. **Route name**
3. **Destination**
4. **Branch and Directionality**
   Branch (A, B and C) identifies branches in cases where there may be several options for how the route travels.
5. **Timing points along route** (selected stop locations).
6. **Bus stop number and phone system**
   This four-digit number is the bus stop number (also located on the bus stop sign). Call 902-480-8000 to know when the next two buses for each route will be departing the stop. When asked to enter your stop number, use this four-digit number. The phone system will announce either the scheduled time or the estimated time for departure. "*Scheduled to depart*" uses the scheduled times listed in this guide. "*Estimated to depart*" uses real-time bus departure information.
7. **Arrive**
   This column indicates the time that the bus is *Due to arrive* at its final location on the route.
8. **Days of Operation**
9. **Frequency**
   Times when the service leaves the stop. Reading from left to right will provide the approximate travel time between stops (dashes indicate the trip does not service the location).
   Morning service times are indicated with an 'a'.
   Afternoon service times are indicated with a 'p'.
   Service after midnight is indicated with an 'x'.
10. **Additional information** about the service follows the schedule.

Ferry Passengers—Safety Measures

In the event of an emergency, ferry passengers requiring special care or assistance are asked to identify themselves to ferry terminal staff at the time of fare payment. Please note: persons needing special care or assistance on board Halifax Transit can be anyone who cannot reasonably be expected to follow or understand instructions given by the crew or staff in the event of an emergency.
