**RECOMMENDATION**

That Halifax and West Community Council request a staff report on the submission by John Cascadden during public participation of the May 30, 2017 meeting.

**BACKGROUND / DISCUSSION**

At the May 30, 2017 Halifax and West Community Council meeting, during public participation John Cascadden read and submitted a presentation with regard to bicycles and the barrier free trails within the Western Commons Regional Park. Following the presentation Community Council passed a motion to have the submission referred to staff, and request that staff attend the next meeting to verbally address the issues raised. The request was forwarded to staff; however, in consultation with the Municipal Clerk it was determined that having staff attend a meeting to address the matter verbally was not in order, and the recommended course of action is for Community Council to request a staff report.
