Date of Council Meeting: October 3, 2017		
Subject: Installation and Maintenance of Private Road Signs		
<p>Motion for Council to Consider: Request a staff report to look at replacing or repairing private road signs (sign blades). The report should only address the signs when missing or damaged and continue the practice of billing the developer for the first private lane sign, which is currently what we do for new public and private roads.</p> <p>Reason: The correct posting of these signs is a crucial part of the efficient delivery of Emergency 911 services in the municipality, as well as for businesses which maybe delivering services to residents.</p> <p>Outcome Sought: Staff report to consider installation and maintenance of private road signs (sign blades).</p>
