| Date of Council Meeting: October 3, 2017 | | |
| Subject: Study on HRM Routes for Possible High Occupancy Vehicle (HOV) Lanes | | |
| Motion for Council to Consider: Request a staff report to find HRM routes that could have High Occupancy Vehicle Lanes (HOV) Lanes assigned for 2 plus occupancy, electric/hybrid/cabs/public transport vehicles. | | |
| Reason: Traffic continues to 'bottleneck' and cause localized interruption on vehicular traffic across the Municipality. Consideration of HOV lanes might provide an opportunity to alleviate heavy traffic congestion as well as provide environmental benefits. | | |
| Outcome Sought: Staff report to consider HRM routes that could benefit from HOV lanes and are a possibility to move forward with. | | |
| <i>Councillor Richard Zurawski</i> | <i>District 12</i> | |
