Item No. 03
Committee of the Whole
November 24, 2016

TO: Mayor Savage and Members of Halifax Regional Council

SUBMITTED BY: Original Signed by 

Jacques Dubé, Chief Administrative Officer

Original Signed by 

Jane Fraser, Acting Deputy Chief Administrative Officer

DATE: November 14, 2016

SUBJECT: 2017/18 Recommended Multi-year Priority Outcomes

ORIGIN

Over the last three municipal elections, Regional Council has established priority outcomes for their term and directed staff to develop annual plans to advance those outcomes. Consistent with this practice, staff is seeking Council's direction on 17/18 Multi-year priority outcomes.

LEGISLATIVE AUTHORITY

Halifax Charter, section 35 (1) The Chief Administrative Officer shall (b) ensure that an annual budget is prepared and submitted to the Council.

RECOMMENDATION

It is recommended that Halifax Regional Council:

1. Approve the Strategic Planning Framework in attachment A;
2. Approve the Priority Outcomes in attachment B; and
3. Direct staff to prepare the 17/18 multi-year budget and business plan in support of the approved priority outcomes.

BACKGROUND

As new Councils are elected, past practice has been for Council to provide direction to staff in the form of priority outcomes. The priority outcomes are strategic aspirations that focus on the medium to long term desired outcomes for the community. These are not operational or tactical objectives; instead they describe a desired end-state or outcome sought as part of the overall betterment of the entire HRM community. The tactics used to advance these outcomes are considered as part of the more detailed budget and business planning process.

Once established by council, these priority outcomes typically remain unchanged year over year. However it is prudent to review and confirm them annually in advance of detailed budget and business plan consideration. This annual review and validation occurs every November as part of the administration's systematic budget and business planning process.

The previous Council's priority outcomes have provided valuable direction to staff over the last 4 years, ensuring that budgets and business plans were aligned with council's priorities. These existing 16/17 Council Priority Outcomes have been included as Attachment C for Council's information.

DISCUSSION

These draft priority outcomes could represent Regional Council's strategic objectives and it is not staff's intention to determine those priorities. However, staff does have a professional obligation to facilitate Council's development and approval of these strategic priorities and to provide Council with professional advice in all aspects of this task. To that end, staff has considered previous Council priorities, compiled various issues raised during the election campaign, and factored in ongoing municipal initiatives to develop a strategic planning framework and draft priority outcome recommendations which can serve as a starting point for Council's consideration.

Attachment A contains a recommended strategic framework for Council's consideration. This framework has been developed to assist Council in framing their priorities as well as aligning planning and reporting processes.

Attachment B contains recommended priority outcomes under each of the themes in the strategic framework. These represent staff's best professional advice, but are fully subject to Council's discretion to add, delete, or amend any or all of the recommended outcomes.

FINANCIAL IMPLICATIONS

Although there is no direct impact on the budget, providing direction on Priority Outcomes will have a direct influence over the recommendations staff make for the 16/17 budget and beyond.

RISK CONSIDERATION

There are no risks associated with this report.

COMMUNITY ENGAGEMENT

The foundation of HRM's strategy is the Regional Plan which was developed with extensive public consultation. In addition, the current budget consultation process seeks to solicit enhanced public comment on community priorities, which will be considered as the 16/17 Budget is developed.

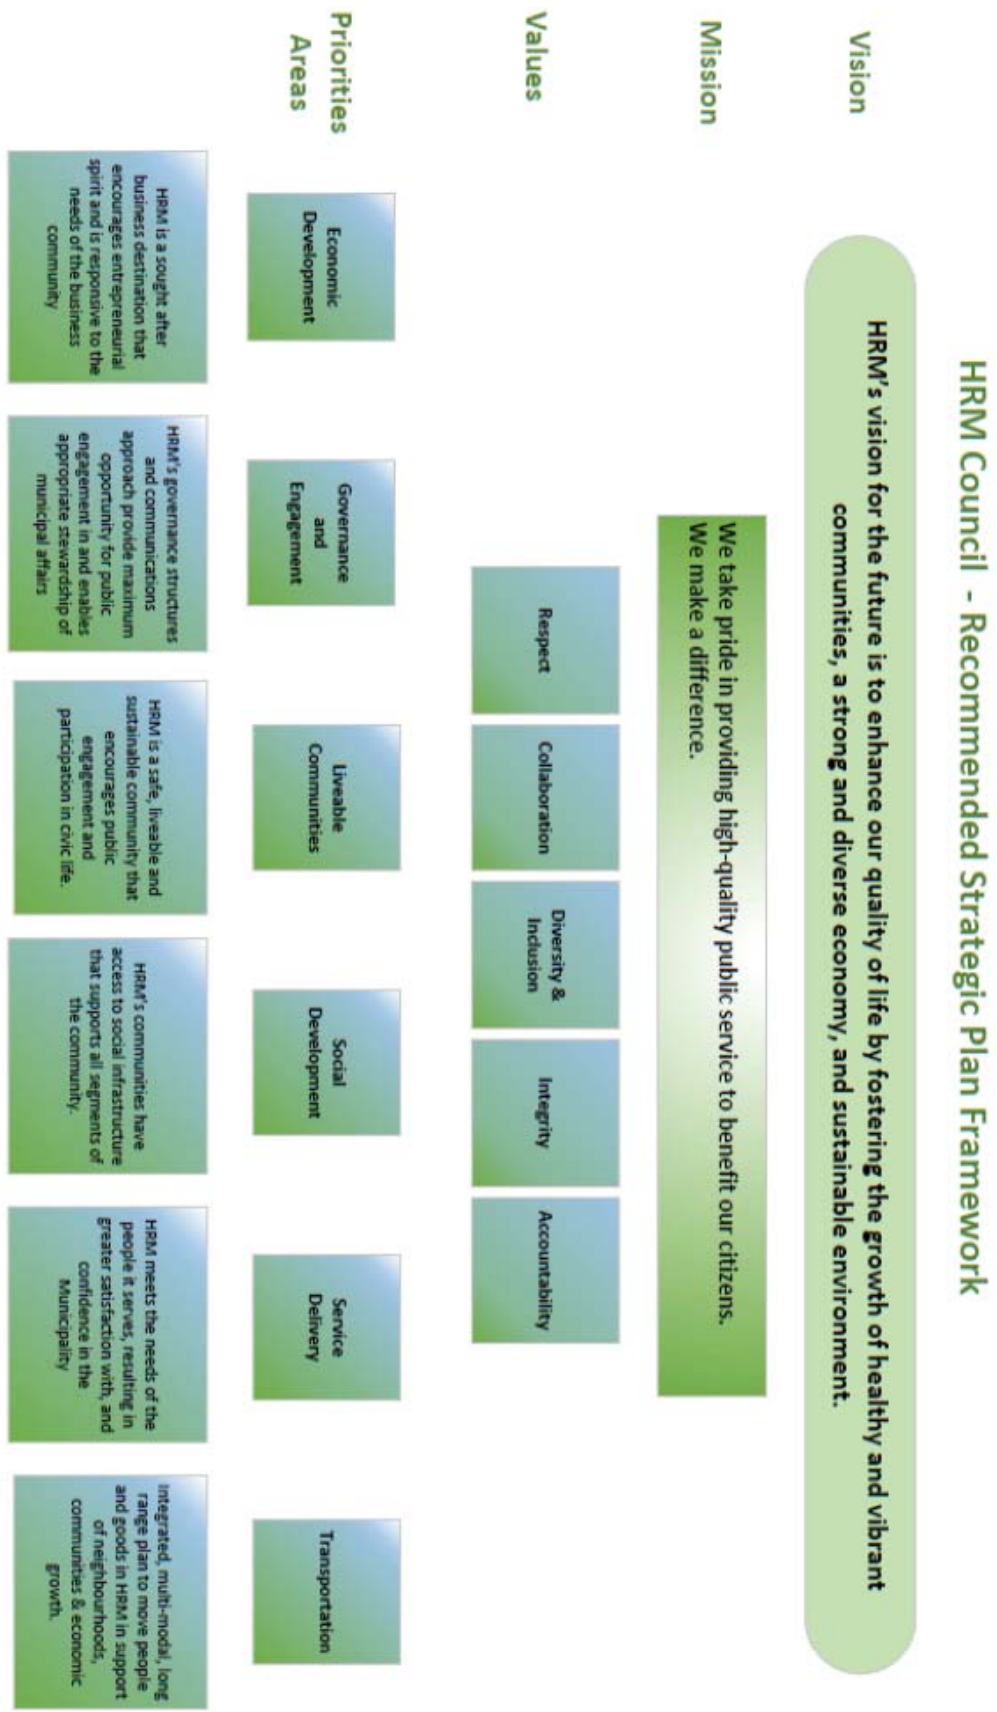

ENVIRONMENTAL IMPLICATIONS

There are no immediate environmental implications to this recommendation.

ALTERNATIVES

Council could choose not to provide priority outcome direction to staff and deal with their priorities during the 17/18 budget deliberations. This approach is not recommended by staff since delaying priority

Attachment A – Proposed Strategic Planning Framework

Attachment B - 17/18 Recommended Priority Outcomes

Economic Development	
HRM is a sought after business destination that encourages entrepreneurial spirit and is responsive to the needs of the business community	
Priority Short Name	Priority Outcome
Attract and Retain Talent	Halifax is a welcoming community where the world's talent can find great opportunities.
Promote and Maximize Growth	Halifax promotes a business climate that drives and sustains growth by improving competitiveness and by leveraging our strengths.
