

## COUNCILLOR WAYE MASON DISTRICT 7 NEWSLETTER WINTER/SPRING 2017

### DEAR RESIDENTS,

It was a great honor being re-elected as the Councillor for District 7 Halifax South Downtown. Thank you so much for the overwhelming support! I am more excited than ever to work hard to represent our community and to continue to build Halifax.

One thing I heard on the doorsteps was how much residents appreciate the regular communication about what is going on in our neighbourhoods. I send an email newsletter to residents somewhere between every 2 weeks and once a month. Sign up info is below.

You can also have a look at my website, with my calendar, expenses, and copies of past and present newsletters. Please have a look at [wayemason.ca](http://wayemason.ca)

I've been working with community groups to create a new community portal for various projects and organizations, including participatory budgeting. This new website can be found at [halifaxsouth.ca](http://halifaxsouth.ca)

This newsletter also has articles on our ongoing work with **JEM volunteer group**, **community grants** application deadlines, **taxi safety** and the plans for **Participatory Budgeting for 2017**.

Take care,

## TAXI APPEALS AND LICENSING MOTION

I am pleased to let residents know HRM is taking action to review & tighten standards for taxis. My motion was passed unanimously & I would like to share my introduction:

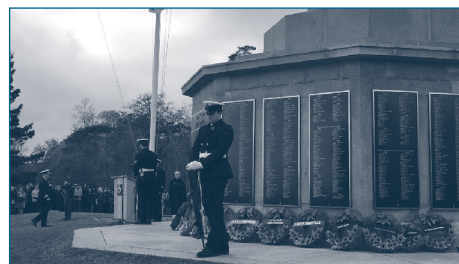

What citizens in HRM value is a taxi system that is safe for all. It is important that the public both know and feel the taxi system in HRM is safe. People should only be licensed to drive a cab if they contribute to the fact and perception of the public that the taxi system is safe for all, and not if the driver's actions detract from that perception.

Taxi drivers have a duty of care, and must conduct themselves at all times in a manner which will maintain the good reputation of the taxi system and its ability to serve the public interest. The taxi system is a publicly regulated system, and no one has a right to a license. The grant of license is a privilege that can be revoked at any time. HRM must take every step to ensure that what citizens value is protected and the highest standards maintained.

The administration and oversight of licensing appeals, including taxi licenses, is technically difficult & beyond the training & experience of most Councillors. The process of license appeals should be reviewed & amended to reflect that.

This truck has a sideguard installed. Sideguards save lives, and are being installed on all HRM and contractor vehicles over the next three years.

Remembrance Day at Point Pleasant Park was very moving, and I'd like to thank large number of residents in attendance,

**PLEASE RECYCLE** - Due to Canada Post delivery routes, some residents who do not live in District 7 may receive this newsletter. If you receive it in error, I apologize for any confusion. ## **PARTICIPATORY BUDGETING 2017/18** **BUILDING A GREAT COMMUNITY - ONE GREAT IDEA AT A TIME**

Once again, I invite District 7 residents' input on how to spend \$94,000 in the community. The funds will be allocated using a Participatory Budgeting model whereby residents are invited to submit community project ideas and qualifying submissions are then voted on by the community.

The benefits of this process are that it encourages great ideas to come forward from local groups, builds community support and collaboration, and gives local residents a direct say in how they want the District 7 capital funds spent.
