RECOMMENDATION

It is recommended that the Audit & Finance Standing Committee recommend that Regional Council:

Approve an increase to the Snow Removal Program for Seniors and Persons with Disabilities (The Program) in an amount up to \$200,000, for a total 2016/17 operating budget of up to \$600,000, with funding to be found through operating efficiencies within Transportation and Public Works, or if operating efficiencies cannot be achieved, through the Risk Reserves: General Contingency Reserve, Q421, as per the Financial Implications section of this report.

BACKGROUND

The Snow Removal Program, for the past four (4) years, has been administered by the YMCA. Currently, the program has the ability to serve up to 485 households. For the past three (3) years, the Program has exceeded capacity. It is anticipated that given the aging population, the number of applicants will continue to increase. As a result, Council has directed staff to identify a funding source in the 2016/17 fiscal year to increase funding for the Program up to \$200,000 to address increased demand.

DISCUSSION

Staff have consulted the YMCA to discuss the potential budget increase, and their ability to serve additional households. The YMCA confirmed that, with an additional \$200,000, they would have the capacity to serve additional clients. The YMCA currently charges a 15% administration fee, and estimates that each household served will cost \$700, meaning an additional 243 households could potentially be served.

FINANCIAL IMPLICATIONS

Operating efficiencies across Transportation and Public Works will be sought in order to offset the cost, as the 2016/2017 Approved Operating Budget cannot accommodate the increase. Alternately, if operating efficiencies cannot be achieved specifically within Transportation and Public works, the increased cost will be offset using: Risk Reserves: General Contingency Reserve Q421.

The additional funding required for the 2016/17 fiscal year can be accommodated through the General Contingency Reserve, if required, as mentioned above. The funding for 2017/18 will be addressed through the Operating Budget process. Approving the increase for additional funding for snow removal program for seniors and persons with disabilities will create a new pressure on the 2017/18 Operating Budget.

Budget Summary, Risk Reserve - General Contingency Reserve, Q421

As at August 31:

Balance in Reserve, August 31, 2016	\$1,768,151

Purpose of reserve is to receive any annual operating surplus of the Municipality, operating surplus of

Halifax Transit, or any other amounts transferred to reserve as approved by Council. Withdrawals from reserve are to address any year-end deficit, funding of operating and/or capital costs, and transfers to/from Halifax Transit year end surplus. This recommendation for the use of funds meets the intended purpose.

RISK CONSIDERATION

No risk to TPW budget as the intention will be to draw from the General Contingency Reserve Q421.

COMMUNITY ENGAGEMENT

No community engagement has taken place.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications.

ALTERNATIVES

Not to proceed with the increase this budget year and to budget for the increase in 2017/18.
