Item No. 14.1.4
Halifax Regional Council
June 5, 2018

TO: Mayor Savage and Members of Halifax Regional Council

SUBMITTED BY: Original Signed by 

Jacques Dubé, Chief Administrative Officer

DATE: April 20, 2018

SUBJECT: Economic Partnership with Zhuhai, China

ORIGIN

Staff initiated report based on a request from Zhuhai, China.

A May 9, 2017 report to Regional Council titled: "Potential International Partnership with Zhuhai China", Item 14.3.2, resulted in a motion that Halifax Regional Council authorize the Mayor to prepare a letter of intent to initiate the process of establishing an Economic Partnership Agreement with Zhuhai, China.

LEGISLATIVE AUTHORITY

Administrative Order 2014-003-GOV respecting International Partnerships (International Partnership Policy) approved by Regional Council in April 2014.

HRM Charter, S.N.S. 2008, c. 39

71(1) The Municipality may

- (a) solicit and encourage the establishment and development of new, and the establishment, development and expansion of existing institutions, industries and businesses in and around the Municipality;
- (b) publicize the advantages of the Municipality or any part of the Municipality and the surrounding areas as a location for the establishment and expansion of institutions, industries and businesses;

RECOMMENDATION

It is recommended that Halifax Regional Council:

1. establish an Economic Partnership with Zhuhai, China; and
2. authorize the Mayor to sign the Friendship Agreement (economic partnership) as set out in Attachment C.

BACKGROUND

The International Partnership Policy highlights the benefits of establishing relationships with other communities and outlines the criteria and protocol to be applied in considering requests from international cities. The Policy defines ‘partnership’ and clarifies the roles, responsibilities, and expectations for both partners, as well as the procedures which HRM will employ to administer partnership agreements with existing and potential partners. The Policy reflects the following principles:

- Initial primary focus on potential economic development benefits;
- Inclusion of written agreements, activity plans and specific resource commitment;
- Involvement of community stakeholders and/or active committees;
- Alignment with HRM Council priorities and/or strategic objectives.

The Policy defines three categories of formal partnership agreements between the municipality and international communities, each of which entail a different level of scrutiny and involvement. These categories are: Economic Partnership Agreements, Friendship Partnership Agreements, and Historic Partnerships. The primary purpose of an Economic Partnership Agreement is to promote economic development including economic exchange, business development, and technological advancement through building business links, increasing HRM’s profile, attracting investment, and promoting trade. Currently, Halifax has Economic Partnership Agreements with Norfolk, Virginia and Aberdeen, Scotland.

The City of Zhuhai and Halifax Partnership began discussing the potential of formalizing a partnership agreement in 2016. In August 2016, a Zhuhai delegation visited Halifax as part of a Saint Mary’s University and Beijing Normal University – Zhuhai exchange. Early discussions took place between the parties that resulted in the Mayors of Halifax and Zhuhai signing a joint letter that committed both cities to explore “friendly exchanges and cooperation”. Those discussions resulted in the May 9, 2017 report to Council, which is attached to this report (Attachment A). That report provides background on the City of Zhuhai and the rationale for pursuing the relationship.

DISCUSSION

As noted in the previous report, the International Partnership Committee screened a request from Zhuhai and recommended pursuing an Economic Partnership, based on an assessment of the potential economic opportunity, which was conducted by the Halifax Partnership. Highlights of the case for pursuing this partnership include:

- Zhuhai has two international seaports, representing significant passenger and cargo activity.
- Zhuhai has an international airport which sees a similar but slightly larger air traffic than Halifax’s Stanfield International Airport.
- Zhuhai is geographically close to Hong Kong, providing opportunities for trade and transport to the rest of China.
- Halifax lacks an existing International Partnership with China (or the South-Pacific), Zhuhai represents a significant opportunity for economic access into the region.
- Zhuhai is well integrated with the Chinese post-secondary education system. As a Chinese city, an International Partnership with Halifax may help encourage cultural diversity and inclusion among the many Chinese international students who study in Halifax.
- Zhuhai is located in Guangdong Province, which is a prosperous region and economic powerhouse for China. Further, its connection to international markets makes it among the highest growth prefecture-cities in the country.
- Industrially, several sectors help drive its economic growth including: tourism, logistics, electronics, information technology, electronic components, bio-pharmaceuticals, and precision machinery.

The relationship also leverages and supports existing connections between Beijing Normal University - Zhuhai and the Sobey School of Business at St. Mary's University, and the Port of Halifax and the Port of Shenzhen (which is near Zhuhai). This relationship aligns to the Nova Scotia China Engagement Strategy. Overall, a relationship with Zhuhai represents a significant opportunity to enter and access more of China's growing market.

As per the previous report, Regional Council authorized the Mayor to prepare a Letter of Intent to initiate the partnership process with Zhuhai. A draft of that letter is included as part of Attachment A to this report. In June 2017, a delegation including the Mayor travelled to China. While in Zhuhai, the Halifax Partnership signed a work plan with a similar organization in Zhuhai to demonstrate the commitment of both cities to establishing a partnership. That document is appended to this report as Attachment B. At that time, representatives in Zhuhai indicated that their process to approve moving forward with the formal partnership would take a minimum of six months to complete.

The process in China has been completed and representatives in Zhuhai have sent a proposed agreement, which is attached to this report (Attachment C). In addition, Zhuhai has invited Halifax to participate in a Friendship Envoys' Gathering in June of this year. This event involves representatives of Zhuhai's sister cities and friendship cities meeting to explore opportunities in Zhuhai and to discuss the details of potential cooperation plans. The Mayor and a representative of the Halifax Partnership have accepted the invitation to the event and will be travelling to China in early June. To date, seven of eleven invited cities have confirmed their attendance at the gathering.

The proposed agreement includes details required by Council's International Partnerships Administrative Order (Policy) for an economic partnership memorandum of understanding. However, in order to establish a similarly comprehensive relationship between a Chinese city and a city abroad, the Chinese require that the agreement be called a Friendship Agreement. A Friendship Agreement in China is considered the highest tier of international agreement between two cities. As such, the economic partnership agreement is called a friendship agreement. Council will be asked to review this relationship at the end of the initial 5-year term to decide whether to terminate or continue the relationship.

If this report and attached agreement are approved by Regional Council, the Mayor will participate in a signing ceremony during his trip to Zhuhai. Subsequently, the Halifax Partnership will continue to work on the details of economic cooperation between the two cities, including coordinating on HRM's behalf with other partners (i.e. port, airport, universities, businesses, etc.) to further the development of the relationship, and developing a work plan of specific goals and outcomes. As per the agreement, an annual update will be prepared to highlight progress.

FINANCIAL IMPLICATIONS

There are no direct financial implications resulting from the material in this report. Any expenses related to international partnership activity, including the Mayor's upcoming trip to Zhuhai, will be covered by a combination of the existing Halifax Partnership and Government Relations and External Affairs (GREA) budgets. Funding of \$30,000 in the GREA budget was approved for International Partnership Activity as part of the COW Options list for the 2017/18 and 18/19 proposed operating budgets. As a detailed program is developed, expenses will be confirmed and built in to the existing 2018-19 budget, as well as further fiscal years as required.

RISK CONSIDERATION

There are no significant risks associated with the recommendation in this Report. The risks considered rate Low.

COMMUNITY ENGAGEMENT

Specific stakeholders were engaged by the Halifax Partnership during the initial assessment of the Zhuhai opportunity in 2016 and 2017. These include local universities, private sector interests, the Port of Halifax and the Halifax Airport Authority.

ENVIRONMENTAL IMPLICATIONS

Not applicable.

ALTERNATIVES

Regional Council may choose to not pursue a Friendship Partnership with Zhuhai, China.

Original Signed

SUBMITTED BY:

Councillor Waye Mason, Chair, Community Planning & Economic Development
Standing Committee

DATE: April 25, 2017

SUBJECT: Potential International Partnership with Zhuhai China

ORIGIN

April 20, 2017 meeting of the Community Planning & Economic Development Standing Committee, Item No. 12.1.2.

LEGISLATIVE AUTHORITY

Community Planning & Economic Development Standing Committee Terms of Reference, section 4 (b) which states: "The Community Planning and Economic Development Standing Committee shall oversee the Municipality's Economic Plan, Economic Prosperity Indicators and Immigration Action Plan by overseeing the progress of the Municipality's Economic Strategy and Outcome areas and related initiatives".

RECOMMENDATION

The Community Planning and Economic Development Standing Committee recommends that Halifax Regional Council authorize the Mayor to prepare a Letter of Intent to initiate the process of establishing an Economic Partnership Agreement with Zhuhai, China.

BACKGROUND

A staff report dated March 31, 2017 pertaining to a potential international partnership with Zhuhai, China was before the Community Planning & Economic Development Standing Committee for consideration at its meeting held on April 20, 2017.

For further information, please refer to the attached staff report dated March 31, 2017.

DISCUSSION

The Community Planning & Economic Development Standing Committee considered the staff report dated March 31, 2017 at its meeting held on April 20, 2017 and forwarded the recommendation to Halifax Regional Council as outlined in this report.

FINANCIAL IMPLICATIONS

As outlined in the attached staff report dated March 31, 2017.

RISK CONSIDERATION

As outlined in the attached staff report dated March 31, 2017.

COMMUNITY ENGAGEMENT

The Community Planning & Economic Development Standing Committee meetings are open to public attendance, a live webcast is provided of the meeting, and members of the public are invited to address the Committee for up to five minutes at the end of each meeting during the Public Participation portion of the meeting. The agenda, reports, video, and minutes of the Community Planning & Economic Development Standing Committee are posted on Halifax.ca.

ENVIRONMENTAL IMPLICATIONS

Not applicable.

ALTERNATIVES

The Community Planning & Economic Development Standing Committee did not discuss alternatives.

Jacques Dubé, Chief Administrative Officer, on behalf of the International
Partnership Committee

DATE: March 31, 2017

SUBJECT: Potential International Partnership with Zhuhai China

ORIGIN

Staff initiated report, based on a request from Zhuhai, China.

International Partnership Update report, provided to the Community Planning and Economic Development Standing Committee on July 28, 2016.

LEGISLATIVE AUTHORITY

Administrative Order 2014-003-GOV respecting International Partnerships (International Partnership Policy), approved by Regional Council in April 2014.

The Halifax Regional Municipality Charter, Section 71 (1) permits the promotion of the Municipality for purposes of business and industrial development.

RECOMMENDATION

The International Partnership Committee recommends that the Community Planning and Economic Development Standing Committee recommend that Regional Council authorize the Mayor to prepare a Letter of Intent to initiate the process of establishing an Economic Partnership Agreement with Zhuhai, China.

BACKGROUND

The International Partnership Policy highlights the benefits of establishing relationships with other communities and outlines the criteria and protocol to be applied in considering requests from international cities. The Policy defines ‘partnership’ and clarifies the roles, responsibilities, and expectations for both partners, as well as the procedures which HRM will employ to administer partnership agreements with existing and potential partners. The Policy reflects the following principles:

- Initial primary focus on potential economic development benefits;
- Inclusion of written agreements, activity plans and specific resource commitment;
- Involvement of community stakeholders and/or active committees;
- Alignment with HRM Council priorities and/or strategic objectives.

The Policy defines three categories of formal partnership agreements between the municipality and international communities, each of which entail a different level of scrutiny and involvement. These categories are: Economic Partnership Agreements, Friendship Partnership Agreements, and Historic Partnerships. The primary purpose of an Economic Partnership Agreement is economic development, including economic exchange, business development, and technological advancement through building business links, increasing HRM's profile, attracting investment, and promoting trade. Currently, Halifax has Economic Partnership arrangements with Norfolk, Virginia and Aberdeen, Scotland.

As indicated in the July 28, 2016 update report to CPED (attached to this report), the Halifax Partnership is assessing two additional economic partnerships in China -- Qingdao in the eastern Shandong Province and Zhuhai in the Guangdong Province. These potential partnerships are in alignment with the 2016-21 Economic Growth Plan and *Partnering for Success – the Nova Scotia China Engagement Strategy* aimed at strengthening Nova Scotia's ties with China and increasing trade.

The 2016-21 Economic Growth Plan for Halifax has set an ambitious vision to grow Halifax's GDP to \$30B and the population to 550,000 by 2031. One of the deliverables identified in the Growth Plan that will contribute to the vision's success is to leverage existing local, national, and international relationships, and cultivate new relationships, such as International Partnerships.

Nova Scotia has many assets and natural resources relevant to China, including an excellent post-secondary education system and research capacity, a highly skilled workforce, a pivotal location on world-trade routes with world-class logistics, high-quality seafood, as well as strong ocean technology, energy, tourism, and agri-food sectors. China is the province's third-largest seafood export market and growing, accounting for 12 per cent of \$1.68B in fish and seafood exports, much of which is air lifted from the Halifax International Airport (HIAA). In recent years, investments have been made by Chinese investors in seafood processing facilities in Eastern Passage, Shelburne and Clarke's Harbour, as well as leasing space at Gateway Facilities at HIAA.

Work toward a partnership between Halifax and Zhuhai has proceeded to the point that both parties wish to formalize an agreement. In August 2016, a Zhuhai delegation visited Halifax as part of a Saint Mary's University and Beijing Normal University – Zhuhai exchange. Early discussions took place between the parties that resulted in the Mayors of Halifax and Zhuhai signing a joint letter that committed both cities to explore “friendly exchanges and cooperation”. A copy of that letter is attached to this report.

DISCUSSION

The International Partnership Policy includes a delegation of authority from Council to the CAO to strike an ad hoc committee (the International Partnership Committee) to evaluate requests for international partnerships. The committee consists of one member from the Office of the Mayor (appointed by the Mayor) and HRM staff from Government Relations and External Affairs (appointed by the CAO), the Halifax

Partnership and, when required, Regional Culture staff (Parks and Recreation). The Committee met on September 26, 2016 to assess potential international partnerships, including Zhuhai.

In follow-up to the favorable screening of the Zhuhai proposal at the International Partnership Committee meeting, the Halifax Partnership conducted a formal assessment of the city and recommended that it be presented as a proposed economic partner. Zhuhai meets all the criteria for an Economic Partnership and represents a significant opportunity to access more of China's growing market. Leveraging existing connections between Beijing Normal University – Zhuhai and the Sobey School of Business at St. Mary's University will expand this relationship and encourage private sector involvement. As well, Zhuhai is close to the Port of Shenzhen which is a major partner with the Port of Halifax.

The Province of Nova Scotia and industry partners have indicated that HRM would add significant value to the China Strategy if it were to investigate building a relationship with Zhuhai and to continue to support the work in Qingdao. Nova Scotia would then have two "official" relationships with the Guangdong and the Shandong Provinces – the two areas in China, as identified in the Provincial Strategy, as having the most benefit for the region based on sectors of similarity and existing relationships. The Province of Nova Scotia signed a partnership with the Shandong Province in 2016.

Critical to the success of this relationship is the need to ensure alignment with the Province and other stakeholders who are advancing interests in China. On that note, the Halifax Partnership has determined that a visit to China would be beneficial to advance the discussions to create economic partnerships with both Zhuhai and Qingdao. Potential dates in June 2017 are being held to accommodate this trip. The following partners have indicated their intent to travel as part of this visit, to be led by Mayor Mike Savage and the Halifax Partnership: Halifax Stanfield International Airport, Halifax Port Authority, and Saint Mary's University. Other partners are interested but have yet to confirm their attendance.

During the delegation's trip, it has been suggested that Mayor Savage present a letter of intent to establish a relationship with Zhuhai, so that officials in that city can initiate their domestic application process. This letter will be in follow-up to the aforementioned letter of cooperation signed by both parties in August 2016, and move the relationship toward a formal partnership. As such, the letter should be developed with Regional Council's endorsement.

Information received from Zhuhai regarding their process to establish a partnership is as follows:

- Step 1: A Letter of Intent must be received from the potential counterpart city expressing the interest to establish a relationship.
- Step 2: All information (including the August 2016 letter signed by the two parties, past exchanges, and the Letter of Intent) will be compiled while the two cities start working on a draft agreement.
- Step 3: All material stated in Step 2 will proceed to the city level application stage to obtain approval from Zhuhai Government and Zhuhai People's Congress.
- Step 4: With approval from the City, the application will proceed for approval from the Guangdong Provincial Government.
- Step 5: With the approval from Guangdong Province, the application will proceed for approval from the Central Government.
- Step 6: Once approved by the Central Government, the agreement will be ready for signature.

It is estimated that the steps outlined for this process will take at least six months to complete.

As per the International Partnership Policy, the final agreement to establish this economic partnership will be brought forward to the Community Planning and Economic Development Standing Committee and Regional Council for deliberation and possible approval once fully vetted.

FINANCIAL IMPLICATIONS

There are no direct financial implications as a result of the material in this report. There will be expenses related to international partnership activity in 2017-18, primarily travel costs for the China delegation. These costs will be covered by a combination of the existing Halifax Partnership and Government Relations and External Affairs (GREA) budgets. Funding of \$30,000 in the GREA budget was approved for International Partnership Activity as part of the COW Options list for the 2017/18 and 18/19 proposed operating budgets. As a detailed program is developed, expenses will be confirmed and built in to the existing 2017-18 budget, as well as further fiscal years as required.

RISK CONSIDERATION

There are no significant risks associated with the recommendation in this Report. The risks considered rate Low. In the event that development of an Economic Partnership is approved, further risk assessment will be conducted.

COMMUNITY ENGAGEMENT

As noted in the report, specific stakeholders have been engaged during the assessment of the Zhuhai opportunity. These include local universities, private sector interests, the Port of Halifax and the HIAA.

ENVIRONMENTAL IMPLICATIONS

No implications identified.

ALTERNATIVES

The Standing Committee may choose to not pursue an Economic Partnership with Zhuhai, China at this time.

SUBJECT: International Partnership Update

INFORMATION REPORT

ORIGIN

Administrative Order 2014-003-GOV Respecting International Partnerships (The International Partnership Policy) was approved by Halifax Regional Council on April 29, 2014.

LEGISLATIVE AUTHORITY

The Halifax Regional Municipality Charter, Section 71 (1) permits the promotion of the Municipality for purposes of business and industrial development.

BACKGROUND

At the April 29, 2014 meeting of Halifax Regional Council, an Administrative Order was approved to manage the process of establishing international partnerships. The Administrative Order, or International Partnership Policy, includes a provision that staff will prepare an annual information report on international partnerships and include partnership requests received that did not satisfy the criteria for approval. The purpose of this report is to fulfill this provision, provide an update on existing relationships, and outline the approach for pursuing new partnerships in the short-term.

DISCUSSION

The International Partnership Policy defines three categories of formal partnerships between HRM and international communities:

- The primary purpose of an **Economic Partnership Agreement** is economic development, including economic exchange, business development, and technological advancement through building business links, increasing HRM's profile, attracting investment, and promoting trade.
- The primary purpose of a **Friendship Partnership Agreement** is facilitating international goodwill through community-level events and public celebrations such as flag raisings, based on cultural or historic relationships between HRM and international communities.
- The primary purpose of a **Historic Partnership** is to recognize a city that was once an Economic or Friendship Partner of HRM. An existing partnership will be re-classified as a Historic Partnership when there is no contact between the partner cities for a period longer than one year and/or when either partner city opts to end the formal agreement.

When the policy was approved, Regional Council agreed to maintain the relationships identified in the staff report (Hakodate, Norfolk, Campeche, and Aberdeen) and categorize Norfolk and Aberdeen as Economic Partnership Agreements, and Hakodate and Campeche as Friendship Partnership Agreements.

Existing Economic Partnerships

The Halifax Partnership manages Economic Partnership Agreements on behalf of the Municipality. As noted above, Halifax currently has approved economic partnerships with Aberdeen, Scotland and Norfolk, Virginia, both of which are governed by Memorandum of Understandings (MOUs). In the past year the Partnership has undertaken the following activities with these partners:

Aberdeen: Halifax and Aberdeen have a long-standing relationship focused on developing mutually beneficial economic and cultural ties and partnerships. This relationship was formalized in an MOU signed in 2014. Halifax's international partnership with Aberdeen has opened up opportunities for business development and collaboration in various areas including the ocean, energy, and services sectors, as well as cultural and educational exchanges. In June, 2015, the Partnership designed the program and agenda for a three-day mission initiated and led by the Aberdeen City Council Economic Development. Six companies visited Halifax -- the Partnership delivered individualized meeting agendas for each visiting company with local business. In total, over 20 meetings were held, as well as group sessions with Department of Energy, and the Oceans Technology Council of Nova Scotia. In April 2016, Halifax led a mission to Aberdeen as the Presidential city of the World Energy Cities Partnership (WECP). A number of leads and opportunities resulted from these missions, one of which has the potential for 20 jobs if successful.

Norfolk: Halifax and Norfolk have been "Sister Cities" since signing an MOU in 2006. The relationship with Norfolk is fostered through collaboration with economic development partners, the Navy and industry stakeholders. The Halifax Partnership has assumed more of a direct management role and has focused on building a solid relationship with the Virginia Economic Development Partnership (VEDP), its counterpart in the Virginia region. In September, the Partnership hosted a VEDP business mission to Halifax during the Canadian Defence Security and Aerospace Exhibition Atlantic (DEFSEC). Delegation members included representatives from Virginia Economic Development, the American Chamber of Commerce in Canada, the US Consul General, and business. On September 10th, the Partnership, Virginia Economic Development Partnership, the American Chamber of Commerce in Canada, and Partnership sponsor, Stewart McKelvey, hosted a networking reception at Canadian Forces Base Stadacona with Halifax and Virginia companies in the defense and security sector. Mayor Savage attended the reception and spoke to the importance of the municipality's relationship with Norfolk and of opportunities for business and economic development.

World Energy Cities Partnership

In addition to coordinating the Municipality's economic partnerships, the Halifax Partnership manages the Municipality's membership in the World Energy Cities Partnership (WECP). The WECP is comprised of 19 cities from around the world with energy activities as a major driver of their economy. The WECP is led by the Mayors of each city with support from economic development staff. In January, Mayor Savage assumed the role of President of the organization for a two-year term. This role will provide opportunities for Halifax to shape the agenda and to allow for maximum exposure for the region and business through various speaking opportunities at major events where WECP is represented – for example, during the Offshore Technology Conference (OTC) in Houston. In April 2016, as the new Presidential city of WECP, Halifax led a business mission to Aberdeen and Stavanger, Norway. The mission focused on companies in the oceans and logistics sectors. The Halifax Partnership is planning to provide a presentation on WECP activity at a future CPED meeting.

Existing Friendship Partnerships

Activity related to Halifax's friendship partnerships with Hakodate and Campeche, established in 1982 and 1996 respectively, continues. Halifax annually sends a Christmas tree to Hakodate as a sign of friendship, and the local Hakodate friendship association participates in the Natal Day parade with a Japanese drum and dancing group. As next year is the 35th anniversary of the relationship, a delegation from Hakodate is planning to visit Halifax. The Campeche relationship is highlighted by annual student exchanges involving high school students from Campeche, as well as students from Dalhousie University and the Autonomous University of Campeche. The Mayor of Campeche is planning a visit to Halifax, possibly as early as next spring.

Potential Partnerships

No formal applications have been received since the International Partnership Policy was approved. However, inquiries have been initiated with other cities by the Halifax Partnership, and several informal requests gauging interest in some degree of partnership have been received. The cities making initial contact with Halifax have included Savannah (USA), Gdynia (Poland), Kiel/Hamburg (Germany) and a number of cities in Korea and China.

To assure that resources are available to adequately support all relationships, the International Partnership Policy states that Council will enter into and carry out no more than five Economic Partnership Agreements at any one time. In addition to the existing two economic partnerships with Norfolk and Aberdeen, the Halifax Partnership is in the early stages of assessing an additional two economic partnerships. The short-term strategy is to pursue one economic partnership in mainland Europe and one in China. Early explorations have focussed on the ocean cities of Kiel / Hamburg (Germany), as well as Qingdao and Zhuhai (China). The Halifax Partnership participated in a trade mission to Kiel 2014 and it has an active MOU with the Qingdao Municipal Bureau of Commerce.

In terms of incoming requests, the City of Gdynia, Poland sent a letter to the Mayor's Office in June 2016 expressing interest in establishing a potential programme of cooperation with Halifax. Partnerships are being explored between Gdynia's Museum of Emigration and Halifax's Pier 21 Museum of Immigration, as well as the cities' library systems. The focus on this relationship is primarily cultural at this stage, and some of the areas of interest (i.e. museums) lie in areas that fall outside of municipal jurisdiction. These bilateral relationships will continue to be pursued, and may result in a proposed Friendship Agreement with Gdynia.

As per the International Partnership Policy (Administrative Order 2014-003-GOV), any potential friendship or economic partnerships will be brought forward to the Community Planning and Economic Development Standing Committee and Regional Council for approval once fully vetted.

FINANCIAL IMPLICATIONS

There are no direct financial implications as a result of the material in this report. There may be expenses related to international partnership activity in 2017-18. As a detailed program is developed, these expenses will be confirmed and built in to the 2017-18 budget.

**Letter of Intent for Cooperation
Between Halifax, Canada and
Zhuhai, the People's Republic of China**

Mayor Mike Savage of Halifax, Canada and Vice-Mayor LONG Guangyan of Zhuhai, the People's Republic of China, are pleased to sign this Letter of Intent for Cooperation today.

With a shared emphasis on economy, trade, education, health and culture, both cities will explore opportunities to work together and to get to know each other.

In developing this relationship, areas for exploration include:

- Keeping each other informed on important economic and civic issues
- Exchanging information and best practice
- Providing information, assistance and support to prospective organizations exploring new opportunities in each jurisdiction

Both cities actively create conditions to facilitate the friendly exchanges and cooperation. Both cities will consider the possibility of a partnership at a proper time. If both cities review and agree to establish a partnership, both cities will respectively initiate their own application procedures.

To facilitate contacts and opportunities for engagement, the Halifax Partnership Committee and Zhuhai Foreign Affairs Office will be responsible for the official and routine contacts.

This letter is duplicated in both English and Chinese, both texts being equally authentic. This letter is signed in Halifax on August 30, 2016 with a validity of three years, and shall be extended until written notice of termination of either side.

Signed:

Mike Savage
Mayor
Halifax City

LONG Guangyan
Vice-Mayor
Zhuhai City

Work Plan on Exchange & Cooperation between Halifax Partnership and Zhuhai People's Association for Friendship with Foreign Countries

The Halifax Partnership and Zhuhai People's Association for Friendship with Foreign Countries (ZPAFFC), hereinafter referred to as "The Participants",

Wishing to promote cooperation in the fields of education and culture, trade, transportation, tourism, IT and medicine.

Intending to secure benefits to the economies of both cities; and

Determined to further promote a favorable environment for the enhancement of mutually beneficial commercial connections.

Have reached the following Work Plan:

1. The participants will continue to develop cooperation with the objective of increased investment and trade between cities of Halifax and Zhuhai; exchange information and explore how to engage in collaborative activities that will facilitate the planning and development of both cities; work to establish the Sister City relationship between Halifax and Zhuhai.

2. This Work Plan provides the framework within which detailed programs of exchanges and cooperation in the fields of education, trade, medical/life sciences and IT can be developed. The participants recognize that this work plan will only be successful through consultation and coordination with other relevant ministries and authorities of the participants.

3. The Participants understand that the cooperative activities envisaged by this Work Plan will be subject to the availability of funds and resources. And this work plan is neither a fiscal nor a funds obligation document and nothing in this plan authorizes or is intended to obligate the parties to expend, exchange, or reimburse funds, services, supplies, or transfer or receive anything of value.

4. The work plan is signed in duplicate in Zhuhai, on June 13th, 2017, in English and Mandarin, each version being equally valid. It may be amended upon mutual consent.

ATTACHMENT C

FRIENDSHIP AGREEMENT BETWEEN HALIFAX REGIONAL MUNICIPALITY, NOVA SCOTIA, CANADA AND THE CITY OF ZHUHAI, GUANGDONG PROVINCE, PEOPLE'S REPUBLIC OF CHINA (tentative)

The Halifax Regional Municipality (Halifax) and the City of Zhuhai, with a view to promoting mutual understanding and friendship between the peoples of the two countries, and to enhancing friendly cooperation between the two cities, agree to establish between the two cities a friendship relationship with this understanding to be based on the following principles:

1. The two cities have further agreed, under the principle of equality and mutual benefit, to undertake broad exchanges and cooperation in multiple fields including economy & trade, education, culture, tourism, medicine and IT, so as to promote mutual prosperity and development.
2. The goal of this partnership is to focus on promoting economic and trade cooperation, strengthening information exchange, enhancing the contacts between companies and organizations in the two cities, and offering assistance to facilitate investment projects. Detailed work plans will be developed and revisited annually to ensure goals and objectives of this agreement are identified and remain relevant. Progress and outcomes will be reported annually.
3. Regular contact shall be established by the leaders and relevant departments of the two cities to facilitate consultations on the exchanges and cooperation, as well as matters of common concern. These contacts may include exchanges, in-person visits, delegation visits, and/or correspondence, by city officials or their representatives, stakeholders, or partners.
4. To facilitate contacts and opportunities for engagement, the Foreign Affairs Office of Zhuhai City and the Halifax Partnership will comprise the committees responsible for this agreement and act as the offices responsible for official and routine contacts, as well as preparing work plans aimed at fulfilling the objectives of this partnership.
5. The two sides are responsible for their own expenses incurred in the activities of exchanges and cooperation, unless it is agreed differently in advance.

6. This friendship agreement, signed in _____City on_____, shall come into effect from the date of signature with a validity of five years and shall be extended until written notice of termination of either side.
7. This friendship agreement, duplicated in both English and Chinese languages, shall be equally valid.
