> Hello,

> I am the Chair of Halifax's Domestic and Feral Cat Committee. I would like to request an opportunity for two people to provide an update to council regarding the Trap-Neuter-Return project that is currently underway. Council approved \$50,000.00 per year over the next 5 years to fund this project. The intent of the presentation would be to update Council on the progress of the program. Desired outcome would be to answer any questions or concerns City Council may have so that we could address issues while the program is on-going over the next four years.
