<b>Subject: Active Transportation Trail Development - Springfield Lake Development Association</b>		
<b>Motion for Council to Consider:</b> That North West Community Council approve an allocation of \$25,000 from the Sackville Landfill Compensation Fund to Springfield Lake Development Association for the construction of a walking trail between Springfield Lake Road and Lakeview Avenue.		
<b>Reason:</b> Construction of a walking trail for this area provides health benefits to the community through physical activity. Halifax Regional Council adopted Healthy Communities as a Core Priority area. This project is a great example of active transportation, which was one of the key themes identified in Mayor's Conversation on a Healthy Livable Community.		
<b>Outcome Sought:</b> North West Community Council support the distribution of funds.
