Hello Liam

I'm not sure if you have forwarded on my previous request to speak at the transportation committee on 28 June. As it doesn't strictly meet the requirements you explained, I would like the following to be considered for the public speaking slot at the Transportation Standing Committee on 28 June.

- I would attend the meeting with one colleague, Shelley Ogilvie. Both of us administer the facebook group "HRM Safe Streets for Everyone" and are committed walkers.

- We would like to review the recommendations made by the Crosswalk Safety Task Force in 2007 also the Crosswalk Safety Advisory Committee in 2016, and examine what has been done by the TC and our traffic authority to implement these recommendations.

- Desired outcome: Recognition that these recommendations continue to be relevant, are effective measures to incorporate into the Road Safety Plan, and will help make HRM a safer environment for pedestrians.

The relevant documents are here:

Could you advise if it is possible for us to bring a powerpoint presentation?

With best wishes

Martyn

Hello Martyn,

You are correct the Transportation Standing Committee is open to the public. The next meeting will take place on June 28, 2018 at 1:00 p.m. in Council Chamber, 3<sup>rd</sup> Floor City Hall, Halifax. The agenda are reports will be posted to Halifax.ca by noon on June 22.

There are two ways in which your request can be accommodated. You can make a formal request to present. If granted you will have a ten minute timeframe (maximum of two speakers) to present on a topic covered under the committee's mandate. There is also a period for questions and answers if the committee has them. If you choose to do this, I would ask that you forward me a brief overview of the topic of your presentation and any intended outcomes that you would like to achieve. This link will provide you with more information: <https://www.halifax.ca/city-hall/regional-council/presentations>. The agenda review meeting will take place on June 18, please forward your submission before this time and I will be able to notify you on the disposition of your request after the meeting.

You can also speak during the public participation portion of the agenda. This is an item on the agenda which allows members of the public to address the Standing Committee on any item that falls within the Committee's mandate. Speakers are allotted 5 minutes to address the committee. This does not require a formal presentation or for individuals to submit material in advance of the meeting.

Please feel free to contact me should you require further information,

All the best,

Liam

Dear Liam

Am I right in thinking it is possible for members of the public to attend the transportation committee meeting?

I would like to attend if possible, potentially with one or two others, on 28 June. Could you let me know if you need any further information and what time we would have allotted? I would like to some time to ask some questions and speak about improving our crosswalk infrastructure and adopting Vision Zero.

With best wishes

Martyn
