Date of Council Meeting: Thursday, June 9, 2016		
Subject: Request for Staff Report on Residential Component to the Urban Forest Master Plan		
Motion for Standing Committee to Consider: That the Environment and Sustainability Standing Committee request a staff report on when the residential component of the Urban Forest Master Plan will be implemented and the process to extend this program to the public.		
Reason: The intent of the Urban Forest Master Plan was to include possible discounts/incentives for private property owners to plant trees on their properties to add to the Urban Forest. An update is requested on when this component will be made available to the public as well as an explanation of the process on how the public component will be implemented.		
Outcome Sought: A staff report outlining the timeframe/process for the residential component of the Urban Forest Master Plan.		
<i>Councillor Bill Karsten</i>	<i>District 3 Dartmouth South – Eastern Passage</i>
