Date of Regional Council Meeting: September 11, 2018		
Subject: Reassess the current HSW Mobile Program		
Motion for Regional Council to Consider:		
<p>That Halifax Regional Council request a staff report to reassess and make possible recommendations to the current HSW Mobile Depot program whereby our local EnviroDepots in HRM are involuntarily becoming the depository of Household Special Waste with materials being left on their doorsteps by our citizens.</p> <p>The report ought to look at options of either accepting these HSW materials from the EnviroDepots operators at our mobile collection places or have a special collection arrangement with DivertNS whereby EnviroDepots could become possible voluntary depository for HSW materials and HRM can routinely pick these items up thus minimizing the transporting of these hazardous materials on our roadways.</p>		
Reason:		
<p>To minimize the transporting of hazardous material on the roadways.</p>		
Outcome Sought:		
<p>That Regional Council support the motion to reassess and make recommendations to the current HSW Mobile Program.</p>
