| Subject: Issues with New LED Streetlights | | |
| <p>Motion for Council to Consider: Request a staff report with respect to the delays encountered in regard to the replacement of LED street lights. In the interim, I would ask that the lights that are identified through 311 and other means be replaced within the month.</p> <p>Reason: These new lights were installed within the last couple years and a number of them are no longer working. According to information given to Council these should have had a minimum life expectancy of 10 years.</p> <p>Outcome Sought: Council approve this request for consideration.</p> | | |
