1110-1 (WCWO)

14 January 2019

Mayor Mike Savage
Mayor of Halifax Regional Municipality
PO Box 1749
Halifax NS B3J 3A5

Dear Mayor Savage,

On the 23rd of January 2019, 12 Wing Shearwater is requesting that the Halifax Regional Municipality grant permission for the Canadian Armed Forces to fly up to eight Cyclone helicopters, over the harbour and dockyard. This flypast will mark the return of HMCS VILLE DE QUEBEC, and the end of the first operational deployment of the CH-148 Cyclone.

The requested flypast would depart 12 Wing and fly over the Bedford Basin toward the Dockyard as HMCS VILLE DE QUEBEC returns to Halifax harbour. As part of the flypast, it is requested that the Cyclone helicopters be allowed to fly at 500 feet above the tallest obstacle.

The continued support of the Halifax Regional Municipality in these matters, and our shared history is very much appreciated. Should you have any questions, please do not hesitate to contact Acting Wing Chief Warrant Officer Ron MacGillivray at [REDACTED] or the Wing Chief Warrant Officer's Executive Assistant Sergeant D.J. MacAskill at [REDACTED]

Sincerely,

Original Signed

S.A. Connor
Colonel
Wing Commander
