# Planning Policy

## Halifax Municipal Planning Strategy

---

Halifax Municipal Planning Strategy requires that Council consider the following in rendering their decision on a rezoning application:

- Compatibility with and maintaining the integrity of existing neighbourhoods;
- Encouraging transportation systems to favour pedestrian movement;
- Opportunity to provide infill housing;
- Opportunity to provide housing for households with a range of incomes;
- Capacity of existing services to accommodate the proposed development;

# Public Engagement Feedback

- Level of engagement completed was consultation achieved through a mail out notification and Public Information Meeting held on December 13, 2019;
- Feedback from the community generally included the following:
  - Incompatibility with the existing lower density residential environment;
  - Concern that local schools could not absorb new students;
  - Aggravating existing traffic congestion in the surrounding area;
  - Concern that the development would not provide sufficient parking; and
  - Concern that the rezoning would negatively affect property values;

# R-4 Zone - Density

---

R-4 zone (LUB section 34 (1) ): “The population density ...shall not exceed 75 persons per acre.”

## Excerpts from the Halifax Mainland Land Use By-law:

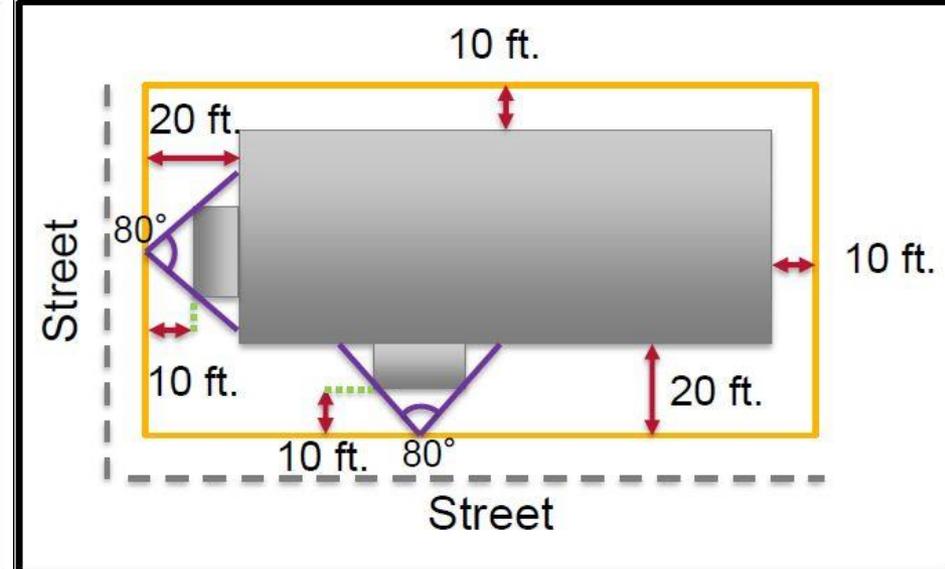

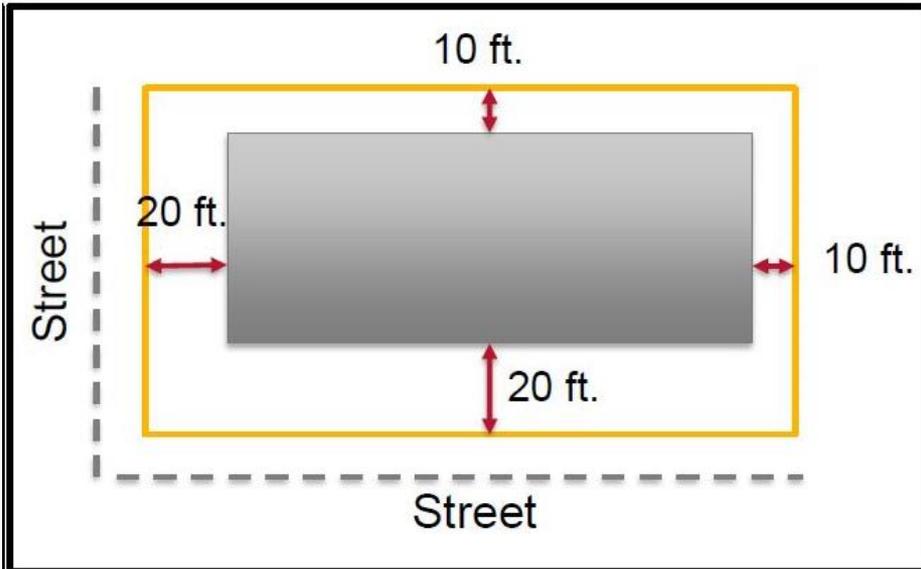

"Habitable Room" means any room in a dwelling house, multiple dwelling, or dwelling unit with the exception of bathrooms, storage spaces with no windows or kitchens with a floor area of less than 100 square feet. Combined or undivided living spaces with floor areas greater than 400 square feet shall be deemed to be two habitable rooms;

"Population Density" means the number of persons occupying a building(s) on a lot per one acre of gross lot area. In determining population density, the number of persons occupying a building(s) on a lot shall be calculated on the basis of one person for each habitable room contained therein;

"Gross Lot Area" means the area of a lot plus the area of one-half the width of any street or permanent open space abutting upon such lot or 30 feet, whichever is the lesser;

# R-4 Setbacks

Source: Presentations prepared by DO Andrew Faulkner, Shilo Gempton and Stephanie Salloum

Rule 1: Distance between building and street shall not be less than 20 feet;

Rule 2: Distance between building and other lot line (not a streetline) can not be less than 10 feet;

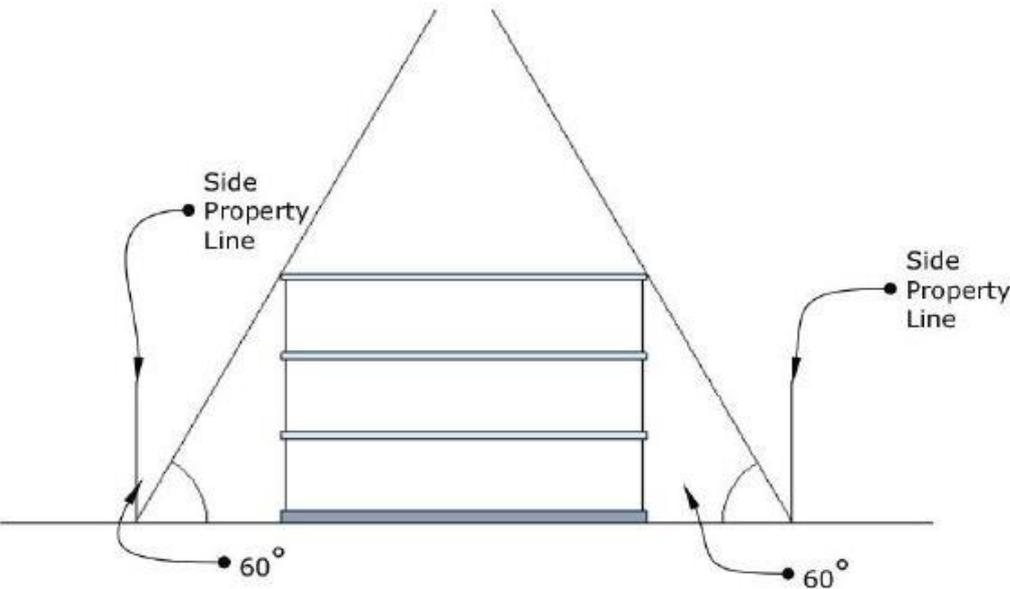

BUT streetline setback can be as little as 10 feet IF “angle controls” are met  
→ 80° horizontal angle

# R-4 Maximum Height – Angle Controls

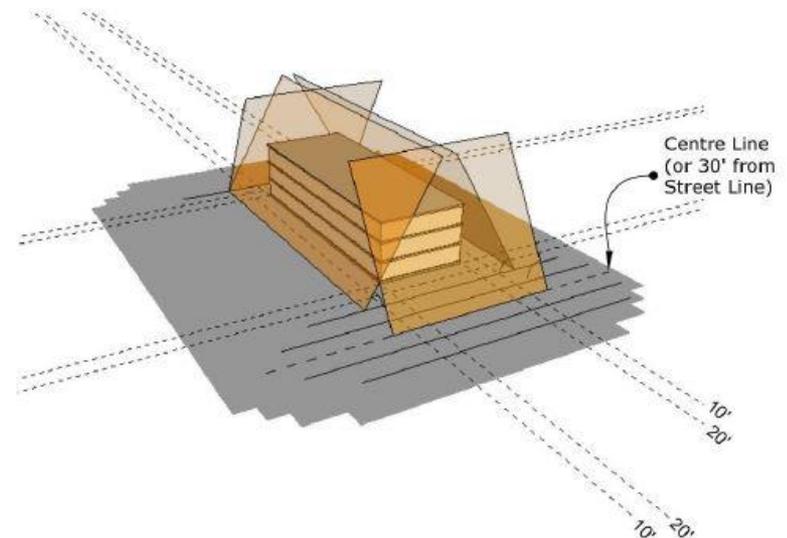

Source: Presentations prepared by DO Andrew Faulkner, Shilo Gempton and Stephanie Salloum

Rule 1: Applied to all lot lines;

Rule 2: Applied to the centerline of the street where a lot line abuts a street, provided that the distance between the centerline and the lot line does not exceed 30 ft.

60° vertical angle applied to the elevation from the property line;
