Re: Presentation to the Board of Police Commissioners

Good morning,

The Coalition to Ban Street Checks is requesting approval to present at the next Board of Police Commissioners meeting. We are in the process of collecting signatures on a petition to ban street checks that we will be delivering to the provincial legislature when they sit in the fall.

Because the subject of street checks has been high on the agenda of the Board, we want to let the commissioners know how many signatures we've already collected in a very short period of time and what people on the street are saying as we talk to them. We want the opportunity to explain to the commissioners why the vast majority of those people want street checks banned and why we support the commissioners in using whatever legislative powers they have to do just that.

Thank you. We look forward to hearing back from you.

Joanne Bealy
