### HALIFAX EXPLOSION MEMORIAL – DECEMBER 6<sup>th</sup>

(photo courtesy of Reynald Gregor, Global Halifax)

Councillor Lindell Smith (at podium in photo above) was the MC for the Halifax Explosion Memorial event on December 6<sup>th</sup>.

I provided comments on the significance of the event including acknowledgement of the important contributions made by the late [Janet Kitz](#).

Ms. Kitz was a founding member of the Halifax Explosion Memorial Bells Committee who organized the Memorial Bells Tower project at Fort Needham. In 1985, as part of the Memorial Bells Tower dedication, she organized a reunion of survivors of the Halifax Explosion which is now the annual event held each December 6<sup>th</sup>. This annual ceremony recognizes the resilience of Haligonians following the tragic event of December 6, 1917 and provides an opportunity for us to once again express our thank-you to all who came to our aid.

### BEYOND 3 RS BUSINESS RECOGNITION PROGRAM

Beyond 3 Rs is a recognition program designed to highlight businesses and organizations in Halifax Regional Municipality going beyond the blue bag by seeking out alternative ways to manage the waste produced. The program will:

- recognize businesses who are actively seeking ways to **reduce, reuse, and recycle** waste material that will in turn increase the quantity of waste diverted from landfill, and conserve resources.
- highlight businesses, organizations, and groups who are making a positive impact on their community through their waste management systems.

Recognition will be given to organizations who have implemented waste reduction strategies into their business practice and adopted them as policy. HRM will recognize a business every quarter who exemplifies these 4 pillars of the Beyond 3 Rs program:

1. Waste Reduction
2. Innovation
3. Continuous Improvement

### 4. Community Impact

If you know a business, organization, or group who is going above and beyond in their waste management programs submit a [nomination form](#) to Halifax Solid Waste.

Nomination criteria includes:

- Waste Reduction: diverting waste from landfill by reducing, reusing, and recycle waste generated
- Innovation: implementing innovative methods going beyond the existing municipal waste management system
- Continuous Improvement: continuous examination of current waste reduction practices and assessment of effectiveness
- Community Impact: demonstrate a positive impact on the community through waste management practices, becoming an example for the community

If you have questions about the Beyond 3 Rs program, contact a [Waste Resource Educator](#).
