SANITARY ENGINEER'S RECOMMENDATIONS

Read report from the Commissioner of Health as follows:-

July 4, 1949.

Chairman and Members,  
Committee on Public Health & Welfare.

Gentlemen:-

Re: Sanitary Engineer's Recommendations

The following are recommendations of the Sanitary Engineer, which are concurred in by myself.

UNFIT FOR HABITATION  
47 Cunard St.

Inspection of the above premises shows that they are in a condition which we feel is unfit for habitation. The adjoining building, 49 Cunard Street, was recently torn down and this also leaves the above premises in a very dangerous condition. It is recommended that the Committee classify 47 Cunard Street as unfit for habitation and that the said Committee order the premises to be vacated by not later than July 16th, 1949, and in case of disobedience of their order or re-occupation of the premises without a permit, a warrant be issued to the sheriff or a constable or a Sanitary Inspector to enforce compliance with the terms of this order.

BUILDING PERMIT  
Barrington St. at Africville.

An application has been received from Thomas Howe to erect a dwelling in Africville. This will necessitate a privy and well. It is recommended that the permit be granted providing Mr. Howe constructs

his well and privy in accordance with the City Regulations.

SUSPENSION OF PERMIT  
257-259 Gottingen Street.

Inspection of the above lunch counter shows that the hot water system is and has been unsatisfactory for some time. It is recommended that the permit granted to the above establishment to operate a lunch counter be suspended from July 9th, 1949, until such time as an acceptable hot water supply is provided.

INSTALLATION OF TOILET  
1 Duffus Street Extension.

The owner of the above premises has been notified to remove the privy which exists and has failed to comply with the terms of the order. It is therefore recommended that the Committee report such failure to comply to the Committee on Works, and that the Committee on Works carry out the installation of a water closet in the above premises and the cost to be recovered as directed under Section 886 of the City Charter.

PERMIT APPLICATIONS

The following permit applications have been received and it is recommended that they be approved by the Committee on Public Health subject to compliance with the Regulations:

Lunch Counters  
Transfer

778 Gottingen Street - W. A. Ramsay.

New Business

650 Quinpool Road - B. I. Doyle.

Fish Shop

Respectfully submitted,

Allan R. Morton, M.D., M.P.H., F.A.P.H.A.,  
Commissioner of Public Health & Welfare.

47 Cunard St.

Moved by Alderman Burgess, seconded by Alderman

MacDonald that the recommendation in this case be approved. Motion passed.

Building Permit Africville.

Moved by Alderman Walker, seconded by

Alderman Burgess that this matter be referred to the Committee on Works for the purpose of considering the possibility of extending the City Water Service to Africville. Motion passed.
