[This email has been received from an external person or system]

Hello,

I would like to place a request to speak about the issue of police budgets at the upcoming police commission meeting on January 20th. My presentation will be 10 minutes and will include:

- 1) A brief overview of trends of police budgeting in municipalities across Canada
- 2) The impact of exploding police budgets
- 3) A proposal to mandate 2:1 dollars for community prevention programs and resources for every dollar of police budget
- 4) The relation of increased police budgets to racial profiling and criminalization
- 5) The dangers of new technological developments in policing.

This issue is extremely relevant to the role of the Board in approving budgets, and given the recent increase of \$1 million to the police budget is a matter of immediate importance.

Thank you. I look forward to presenting next week.

El Jones
