IMPERIAL OIL COMPANY PLANT, AFRICVILLE.

E. A. Saunders, Secretary of the Board of Trade, appeared before and addressed the Board on the matter of proposed oil refining plant of the Imperial Oil Co. at Africville, stating that their committee on industries had interviewed Mr. Shatford, when the matter was fully gone into. He stated that there were many details which could probably be discussed to advantage if a joint meeting could be arranged between the Board of Control and their Committee. This was agreed to, the joint meeting to take place at the Board of Trade Rooms on Monday, the 30th inst. at 4 o'clock p. m.

HYDRO ELECTRIC POWER.

The proposal recently placed before the Board by J. A. Dunn to furnish the City with electric power was again taken up.

J. A. Dunn ✓

His Worship the Mayor stated that nothing further could be done pending the receipt of details asked for when the report was originally presented. Mr. Dunn at that time stated that the Engineer already had in hand such information as was necessary to go into the same. This, however, was found to be not the case. It was suggested that a letter be written to Mr. Dunn outlining the position of the Board in the matter and advising him that until this further information was supplied, the Board could make no move in the matter.

PUBLIC ABATTOIR.

Read amended proposition of G. A. Wootten & Co. <sup>re</sup> / the establishment of a public abattoir.

B/C.

Deferred, pending investigation on same, as it involves very material changes in the original proposition which the Board has already considered.
