- Report cont -

In September 1950, he was transferred from Alexandria to the newly opened Westmount School. From the very start of his service Mr. Roe has been highly regarded and favourably reported upon by Supervisors, Principals and Parents. Westmount is a large school and requires the services of a Vice-Principal. Mr. Roe has been recommended for the position and is worthy of the promotion.

#

10. Africville School:

The possibility of providing more class-room space at Africville is still under investigation. Mr. Keating and Mr. Freeman visited the area since the last Board meeting, but are not prepared to offer a solution to the present problems.
