Request for Council's Consideration	
X Notice of Motion - April 14, 2020	
Date of Council Meeting: April 28, 2020	
Subject: Temporary installation of tactical bike lanes and active transportation routes	
Motion for Council to Consider: That Halifax Regional Council request an expedited staff report on providing safe mobility through an inexpensive, tactical, and temporary installation of bike lanes and active transportation routes along the lines of the already approved minimum grid network in the Integrated Mobility Plan or nearby, easily implemented streets.	
Reason: With the closure of much green space by the Provincial government, people need mobility options that provide an environment that provides more physical protection and better social distancing.	
Outcome Sought: A rapidly created report on how to quickly implement some inexpensive, tactical bike lanes and active transportation routes similar to what Regional Council has already approved.
