Date of Council Meeting: August 18, 2020		
Subject: August 14, 2018 – By-law C1000, Respecting Financing and Charges for Homeowners to Resolve Inadequate On-Site Water Supply		
Motion for Council to Consider: That Halifax Regional Council request a staff report proposing amendments to By-Law C1000, Respecting Financing and Charges for Homeowners to Resolve Inadequate On-Site Water Supply to include other property types pursuant to Section 4 of the By-law.		
Reason: In August 2018 Halifax Regional Council considered a supplementary staff report which detailed options to expand other property types outside of residential properties (section 4) into the financing program contemplated in By-law C1000. For further information, please refer to the supplementary staff report: https://www.halifax.ca/sites/default/files/documents/city-hall/regional-council/180814rc1411.pdf . and August 14, 2018 Halifax Regional Council Meeting minutes: https://www.halifax.ca/sites/default/files/documents/city-hall/regional-council/c180814mins.pdf . Currently, By-law C-1000 does not allow for the inclusion of commercial, recreational, or resource properties to participate in the financing program. This excludes a large number of property and small business owners in rural areas of HRM that may experience inadequate water supply issues and do not have financing options. The staff report will explore options available to allow these property types within in the financing program.		
Outcome Sought: To request a staff report providing options to include other property types within the financing program.
