| <p>Halifax Regional Fire and Emergency Services currently requires permitting for Display Fireworks and Pyrotechnics for Special Events. The usage of consumer/family fireworks falls under By-law N-200 but this is based on noise complaints rather than risk of fire or safety. By-law N-200 permits fireworks to be used on Canada Day, Natal Day, New Year's Eve and recognized religious holidays but does speak to safe use nor approved locations to set off fireworks. By-Law O-109, the Open-Air Burning By-law does prohibits discharging fireworks on the wildland fire risk and the daily Burn Index, set daily by NS Department of Lands and Forestry.</p> |                                                                                                      |                                                        |
