

Report on Management Employee Relations Committee  
January 12, 2021  
Submitted by Carole McDougall  
Vice Chair, BoPC

The Management Employee Relations (MER) Committee provides the opportunity for Halifax Regional Police (HRP) senior management and Halifax Regional Police Association (HRPA) board members to discuss items that arise that are not part of the collective agreement. Meetings are held the first Wednesday of each month as required.

Chair Natalie Borden represents the BoPC on MER but due to conflicts in her schedule, asked Carole McDougall to sit in and report on the December and January meetings.

The December and January meetings were held by teleconference and discussion centred around training, number of eligible retirements, upcoming presentation to the board on body worn video (December meeting), progress on recruitment, acting NCO selections and notice that the funeral for Calgary police officer, Sgt. Andrew Harnett, is to be live streamed.
