Subject: Information Report on Planning Provisions and Regulations for Agricultural, Commercial and Recreational Uses in Lucasville.		
Motion for Council to Consider: THAT North West Community Council request an information report outlining the planning provisions and regulations for agricultural uses and commercial recreation uses within the Municipal Planning Strategy and Land Use By-law for the Lucasville area. The report should include the scope and intensity of these land uses within the community and regulations to mitigate conflict between allowable uses in the area.		
Reason: Concern from the community about the potential for large scale agriculture uses and farming in direct conflict with the growing residential nature of the community.		
Outcome Sought: The outcome sought is a more balanced and updated collection of land uses that better reflects the community as it is today.
