## MEMORANDUM

**TO:** Chair and Members of CDAC  
**FROM:** Ben Sivak, Community Policy Program Manager, Planning & Development  
**DATE:** April 8, 2021  
**SUBJECT:** Centre Plan April 2021 Update

---

This memo provides an update on the Centre Plan Package B project work and target timelines. As Committee members are aware, staff have been focusing on revising the draft Package B planning documents since the conclusion of the public engagement activities in response to the feedback received from stakeholders, the public, and CDAC. While this review is progressing well, staff advise that more time is needed to complete the internal review process and ensure all components of the planning documents are accurate and consistent with each other. Consequently, staff advise that the revised Package B planning documents will not be ready for the end of April, 2021, as previously targeted, and will instead be ready for the following CDAC meeting, schedule for May 26, 2021.

The following table outlines the updated Package B project timeline and committee review meeting dates.

Milestone	Target Date (2021)
Community Design Advisory Committee (CDAC)	May 26 Jun. 23 (Committee may wish to schedule one or more additional meetings in June)
Heritage Advisory Committee (HAC)	May 26 Jun. 23 (if needed)
Harbour East Marine Drive Community Council (HEMDCC)	Jun. 3
Design Review Committee (DRC)	Jun. 10
North West Community Council (NWCC)	Jun. 14 (information only)
Regional Centre Community Council (RCCC)	Jun. 22
Halifax and West Community Council (HWCC)	Jun. 22
Community Planning & Economic Development Standing Committee (CPED)	Jul. 15
Committee of the Whole (COW) and Regional Council (Supp Report)	Aug. 3
Regional Council First Reading (anticipated)	Sept. (specific date TBD)
Regional Council Public Hearing (anticipated)	Late Sept. or early Oct., depending on the date of First Reading.

Thank you and we look forward to presenting the revised draft of Package B on May 26, 2021.
