

## DISTRICT 6

# Britanny Peters

Britanny has been a part of the Take Action Society since she was in grade 4. She is now an adult and has become a remarkable and reliable leader as well as a second mom and mentor to many of the children in the “Take Action” After School Program, where nearly 100 under-represented and at-risk children and youth benefit from her leadership and her belief that encouraging and motivating youth in her community will assist in breaking the cycle of poverty.
