

## DISTRICT 10

# Andrew Curran

Andrew Curran wants to help his community in several ways. 3 years ago, he jumped at the chance to learn about emergency preparedness by joining his local Joint Emergency Management team and has been teaching others in his community how to be better prepared for a natural or human-made emergency ever since. Andrew also enjoys bringing his community together at fun-filled events through volunteering on the Fairview Community Association where he has been volunteering for the past 4 years. His volunteer work is helping to build a sense of community pride and belonging. Andrew is a true volunteer with community in his heart.
