Hello Haruka,

I would like to have Nic Esposito from Litterati present at the July 7th ESSC. Please reach out to Nic to make the arrangements.

Thank you.

Tony,

It was fantastic speaking with you yesterday and getting to know more about your work and the really impressive climate and sustainability goals through Halifax's HalifACT program.

We're really excited to find a way for the Litterati platform to contribute toward these goals and programs.

As promised, here is the [Litterati Platform Presentation](#) from yesterday. Please feel free to share it with whomever. And please let me know when you would like me to present to the Environment Committee that you chair or other committees/groups in the HRM.

And please send over any other next steps you see fit. Again, thanks for your time and I look forward to working together.
