Subject: [External Email] Presentation Request

[This email has been received from an external person or system]

Dear Ms. Lovasi-Wood,

On behalf of the HRM Northern Suburban Area Community Turf Committee we are submitting a request for a presentation on an outdoor community recreational and teaching facility at the February 28, 2022 NWCC meeting. We are eager and excited to share with the committee our ideas to improve and support a growing community. We have developed a workable and inclusive plan to bring a multiple purpose sport and recreation facility for everyone to use both regionally and HRM wide.

We believe that this outdoor community recreational and teaching facility is an essential asset for our local communities. The site is within a 15-20 minute drive of Dartmouth, Bedford, Lower Sackville and surrounding communities and is only slightly more from Halifax, Tantallon, Harrietsfield and Head of Chezzetcook. The inclusive design acknowledges and promotes Indigenous recreation, multiple sports, a walking and training track, facilities, lighting and perimeter fencing. It will also provide healthy living opportunities for residents of all ages and be an inclusive and accessible space for all residents of the Halifax Regional Municipality and surrounding areas residents.

The desired outcome of the presentation is to inform and gain Councillor's support for the project. Thank you for your time and consideration.

Sincerely,
Rita Nigam, President
HRM Northern Suburban Area Community Turf Committee
