Subject: [External Email] CPED Presentation June 16

[This email has been received from an external person or system]

Hello Clerks Office,

I would like confirm our request to present at Community Planning and Economic Development Committee (CPED) on Thursday June 16, 2022.

Myself, Kortney Dunsby, and co-presenter Mary Ellen Donovan, will be presenting on behalf of **Our HRM Alliance**.

Our presentation will cover the benefits to integrating natural asset protection into community planning, and the barriers to doing so we have identified. We will also emphasize implementing the Halifax Green Network Plan into the Regional Plan review. We have no particular outcome sought, only to provide our insights to Councillors.

A similar presentation was made to Environment and Sustainability Standing Committee yesterday June 2nd and was well received. This presentation will be complimentary, but tailored to community planning.

Cheers,

Kortney Dunsby (she/her), Sustainable Cities Coordinator
