**WELCOME JULY!**  
**HAPPY CANADA DAY!**

On this special day, I am reminded of a quote by John Diefenbaker: *"I am a Canadian, free to speak*

## COUNCILLOR CATHY DEAGLE GAMMON

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

*without fear, free to worship in my own way, free to stand for what I think right, free to oppose what I believe wrong, free to choose those who shall govern my country.”* We are so fortunate to be residents of such a wonderful country, accepting of diversity and inclusive of all who seek to share our freedoms. I especially want to wish a happy Canada Day to all new Canadians – welcome home!

### NWCC UPDATE

The North West Community Council (NWCC) met on Monday, June 20<sup>th</sup> and held two public hearings: [Case 23556: Amendments to the Sackville Drive Land Use By-law – Access to Multi-Unit Dwellings Across LS Zoned Properties](#) NWCC held a public hearing and passed a motion to adopt the amendment to the Land Use By-law for Sackville Drive to allow access to new multi-unit dwellings across lots within the LS (Large Scale Commercial) Zone.

[Case 22820: Amendments to Development Agreement, Hanwell Drive \(Sunset Ridge subdivision\), Middle Sackville](#)

The proposed amended development agreement for the property at the corner of Hanwell Drive and Swindon Drive has been approved. This development agreement has converted the land use from commercial to a 4-storey residential building with ground flood commercial space.

[Case 21826: Amending Development Agreement for 771-819 Bedford Highway and 12-32 Esquire Lane, Bedford](#)

NWCC gave notice of motion to consider allowing additional commercial uses, construction of new motel buildings and accessory buildings, subdivision of the lands, and a reduction of the non-disturbance area for the former Esquire Motel and Travelers Motel site, and to schedule a public hearing.

### WAVERLEY ROAD CONSTRUCTION

My deepest and sincerest apologies for the confusion resulting from the notification concerning the [Waverley Road work](#) scheduled for July 4<sup>th</sup> to August 8<sup>th</sup>. Notification has been mailed to residents and flyers will be delivered in the area.

Approximately 180 meters of Waverley Road will be closed to all traffic for the 5-week period to support the replacement of deteriorating guiderails, a retaining wall, address drainage issues and apply road embankment erosion protection measures. Due to the complex nature of this work, it was deemed necessary to close the area to all traffic. Each week during this period, the road will be closed from 7:00 a.m. on Mondays until 7:00 p.m. on Fridays. The road will be opened to one lane of stop-and-go traffic on weekends between 7:00 p.m. on Fridays and 7:00 a.m. on Mondays.

The work is required to improve traffic barrier protection for the traveling public, repair road

July 2022

shoulder washout areas, and protect against erosion along the shoreline. This project has been tendered and awarded to Dexter Construction Company Limited.

The work includes guiderail replacement and erosion protection at the following locations:

- Site 1) Just north of 831 Waverley Road – Lake Charles
- Site 2) 1514 to 1572 Waverley Road – Lake William
- Site 3) Across from 2342 Waverley Road – Lake William
- Site 4) Just north of 2615 Trunk 2 – Lake Thomas

View a map of the project areas [here](#).

Motorists are asked to use alternative routes to avoid construction. **Local and emergency**

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

**access will be maintained** on Waverley Road via the intersection with Montague Road up to civic 2300 and Maheux Lane. Addresses beyond (north of) civic 2350 will have access to Waverley Road via the intersection with Rocky Lake Drive. A signed [detour route](#) will be in place and Traffic Control Personnel will be available to help guide motorists.

Pedestrian access will be maintained during the street closure and cyclists will have the opportunity to dismount and walk their bike around the construction site using the temporary walkway provided.

Litterati has launched – it's an interactive app that allows you to photograph and tag common pieces of litter found within your neighbourhood/community. It's now available for you to download through the App Store or Google Play Store!

The data collected using the Litterati application will be used to see where litter clean ups are taking place and track trends in the types of litter we are seeing in the community. This data will be used to help inform and guide our waste education efforts around reducing litter.

Litterati has many unique features to make cleaning up litter in our communities both fun and impactful, including the ability to create challenges. Keep an eye on both the Litterati Application and the Halifax Recycles Facebook page to find out when challenges are taking place.

Receipts must be submitted online within five business days of ticket issuance, and only one ticket may be cancelled per person per week.

Regional Council approved this Parking Ticket Forgiveness initiative as part of the COVID Business Recovery package. This program is ongoing until September 30<sup>th</sup>.

## HOMELESSNESS - DESIGNATED OUTDOOR SHELTERING LOCATIONS

Regional Council endorsed proposed criteria and locations in municipal parks for designated camping intended for those experiencing homelessness.

Designated locations will be authorized by the Executive Director of Parks and Recreation, under [By-Law P-600 – Respecting Municipal](#)

## COUNCILLOR CATHY DEAGLE GAMMON

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

Parks, as locations where individuals experiencing homelessness can camp. Collectively, these locations will allow over 30 individuals at these designated sites – surpassing the number of people currently identified as sleeping rough in municipal parks.

The locations are:

- **Barrington Street Green Way**, between Cornwallis Street and North Street, Halifax (4-5 sites).
- **Lower Flynn Park**, Halifax (1 site).
- **Geary Street Green Space**, Dartmouth (1 site).
- **Green Road Park**, Dartmouth (2 sites).

The municipality will continue the current practice of allowing individuals to sleep rough in areas where there is no disturbance to the community or conflict with other uses.

Locations were evaluated against the criteria outlined in the [staff report](#).

Individuals using designated locations will be expected to follow the rules and regulations that apply to everyone, such as [By-Law P-600 – Respecting Municipal Parks](#), [By-Law N-200 – Respecting Noise](#), and [By-Law O-109 – Respecting Open Air Burning](#). Additionally, individuals will be required to restrict the number of tents near each other to a maximum of four.

Monitoring and enforcement will be undertaken by existing bylaw officers. However, as much as possible, outreach workers, including Street Navigators, will be the first point of contact for individuals using designated locations.

While the province is the lead on addressing homelessness and affordable housing in all regions of the province, the municipality has an important role and is committed to applying resources to support these efforts in the Halifax region.

Previous municipal support has included:

- Purchasing and installing modular units that will accommodate 64 people (26 in Dartmouth and 38 in Halifax).
- Providing the province access to select municipal facilities, including the Gray Arena, the George Dixon Centre, and the Pavilion, to be used as temporary emergency shelters.
- Approving \$70,000 to a coalition of 11 community service providers for use as crisis funding for hotel stays to support individuals experiencing homelessness – including directly covering the cost of hotel rooms for some individuals.
- Working with both levels of government to provide accommodations for up to 70 additional individuals through the Rapid Housing Initiative.
- Allocating funding for six affordable housing projects from community partners, with a total of 157 units – and contributing a further \$6 million annually for social and non-profit housing.
- Working with the Archdiocese of Halifax-Yarmouth to approve 17 safe emergency shelters with heat, electricity, and access to washrooms.

## TIERED COMMERCIAL TAX RELIEF

Administrative Order (AO) 2022-003-ADM, the Tiered Commercial Taxation Areas Administrative Order, has been adopted. Beginning April 2023, a new tiered tax structure will be implemented across the municipality for commercial properties. The new tax structure will create five new tax areas within the municipality, with three tiers in each area based on increasing levels of assessed value.

3. Downtown / Community Area
4. Community Area (outside the Commercial Development District)
5. Rural Area

The new rate structure targets small properties with assessed values under \$2 million. The highest taxed small commercial properties are often those with assessed values between \$1,000,000 and \$2,000,000. Lowering taxes for this segment of the commercial assessment base will focus relief on small properties with the highest taxes. Properties with values under \$1 million will also receive tax relief. The new administrative order puts into policy the commercial tax structure decision made by Halifax Regional Council on February 15, 2022.

This will allow Council to set different commercial tax rates for each tier of assessment in each of the taxation areas.

The three existing tax areas (urban, suburban, and rural) will be replaced with the five following tax areas:

1. Business Park Area
2. Industrial Park Area

## RURAL TRANSIT PROJECTS

Regional Council has awarded four grants to rural transit projects through the [Rural Transit Funding Program](#).

The Rural Transit Funding Program is a grants program through which rural transit operators

## COUNCILLOR CATHY DEAGLE GAMMON

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

can apply for funding to subsidize the cost of operating their service in the municipality. These transit service providers offer an efficient, cost-effective form of public transportation outside of Halifax Transit’s service area.

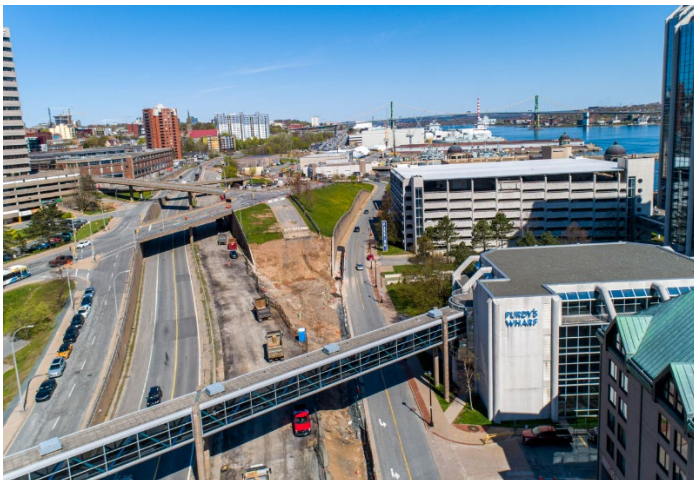

The four projects receiving support are:

- [BayRides](#)
- [East Hants Community Transit](#)
- [MusGo Musquodoboit](#)
- [MusGo Valley-Sheet Harbour](#)

Funding through the Rural Transit Funding Program comprises of two parts:

1. An annual lump sum payment of either \$5,000 or \$10,000 – depending on the level of service provided; and
2. A flat rate of up to \$0.50 per kilometer travelled providing transit service.

## COGSWELL DISTRICT PROJECT UNDERWAY

Want to know what's happening in the [#CogswellDistrict](#)? Read the latest update, which

July 2022

summarizes the work that's already taken place in Spring 2022 [here](#).

On [September 14, 2021](#) Regional Council awarded the tender to Dexter Construction Ltd. for construction of the Cogswell District Project. Fully mobilized construction began in the winter and crews have made much progress to date. Notably:

- Significant excavation has been undertaken near HMCS Scotian to install underground infrastructure; and
- Ramps and roads within the existing interchange have been dismantled to make way for by-pass roads, which will allow traffic to flow through the area during the different phases of construction.

As part of the social benefits program outlined in the tender, Dexter has engaged two community liaisons from the African Nova Scotian and Mi'kmaw communities to help with the development and implementation of the Workforce and Supplier Diversity Plan. Additionally, a Social Benefits Advisory Committee, representing five equity seeking groups, has been established to aid Dexter and the Cogswell team in the development and implementation of the plans. Work also continues towards the designation of [Rick Hansen](#) Gold Certification for the Cogswell District.

The Cogswell District project is expected to be completed in 2025, with a budget of \$122.6 million.
