CLEAN-UP AND ASSISTANCE AFTER FIONA

I would like to sincerely thank all workers and volunteers who have helped prepare for, deal with, and clean up from the impacts of Hurricane Fiona.

COUNCILLOR CATHY DEAGLE GAMMON

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

If you have been severely impacted by hurricane Fiona, you can apply to receive financial support from the Province. You can learn more about accessing this funding here:

<https://novascotia.ca/news/release/?id=20220926005>.

The work to restore municipal services, clean-up and restoration is ongoing. For the latest updates go to: <http://halifax.ca/severeweather>.

Residents are asked to continue to report downed municipal signs, crosswalk lights and streetlights to 311.

Municipally-owned trees that fall on private property are being removed by the municipality. If a tree has fallen in the right of way and is blocking or impeding traffic, a sidewalk, or a bike lane – residents should call 311. For your own safety, residents are reminded to not remove trees in the right of way. Trees located on private property are the sole responsibility of the homeowner. The municipality is not responsible for removing tree waste and brush from private property. As Fiona has left many of us with fallen trees and other debris, here is some information regarding pick-up and drop-off of debris:

TREE DEBRIS PICK-UP

The municipality is currently accepting twice the amount of tree waste bundles for organics collection. Residents may set out 10 tree waste bundles as part of their organics collection. Tree waste should be tied in armload-sized bundles. No bundle can exceed 75 pounds and no individual piece can be more than four feet long or larger than eight inches in

diameter. Up to 20 paper bags of yard waste will also be accepted.

TREE DEBRIS-DROP OFF

Until Wednesday, October 5th there will be a total of eight short-term tree waste drop-offs at the following locations from 8:00 a.m. to 8:00 p.m.:

- 2 Lyle Street, Dartmouth
- 26 Thomas Raddall Drive, Halifax (located in the gravel lot between the Canada Games Centre and Soccer Nova Scotia)
- 50 Cheviot Hill, Porters Lake
- Kinsac Ballfield (near 1703 Beaver Bank Road), Beaver Bank
- Sheet Harbour Community Centre, 183 Pool Rd, Sheet Harbour
- Lake Charlotte Boat Launch, 11475 Highway 7, Lake Charlotte
- Peace Park, 67 Park Road, Musquodoboit Harbour
- Bayers Lake Industrial Park, 230 Horseshoe Lake Drive, Halifax

Please note that the drop-off location previously announced at 144 Thornhill Drive, Dartmouth is closed.

There is no charge for using this service for tree waste. Residents will be responsible for delivering and unloading all tree waste, brush, and branches at these sites at their own risk.

Construction debris, bags or other waste **will not** be accepted at these locations.

Residents can dispose of construction debris at Halifax C&D Recycling Ltd. at 16 Mills Drive, Goodwood or 188 Ross Road, Dartmouth (cash-only payments at the Dartmouth location). This

JOINT EMERGENCY MANAGEMENT (JEM) TEAM

In the critical hours following a crisis situation, while local and provincial response agencies are dealing with the immediate and urgent needs of the municipality, residents in affected communities need to be prepared to help themselves and to assist their neighbours, who may have been seriously impacted by the event.

COUNCILLOR CATHY DEAGLE GAMMON

WAVERLEY - FALL RIVER - MUSQUODOBOIT VALLEY

Are you interested in supporting your community during emergencies?

Do you want to be part of a volunteer team that helps your community when disaster strikes?

Do you enjoy providing information and mentorship about being prepared for hazards that could impact your neighbourhood?

Would you like to help in setting up Comfort Centres during an emergency?

If you answered **yes** to the above questions, volunteering with your local Joint Emergency Management (JEM) Team may be for you!

To learn more about becoming a JEM volunteer and educating members of your community on how they can keep themselves and their families emergency prepared, visit halifax.ca/emo.

HRM EMO@halifax.ca 902.490.3573 halifax.ca/emo @hbxfire

[Joint Emergency Management \(JEM\)](#) is a concept developed by the Halifax Regional Municipality's Emergency Management Office (EMO), to allow community organizations to prepare for, and respond quickly to, a wide range of emergencies.

JEM teams are all community volunteers. In times of crises, EMO will activate JEM Support Centres (JSC) to coordinate humanitarian response to the JEM coverage area. These centres are a facility where trained individuals can meet to provide local input to the Emergency Operations Centre, located in Dartmouth.

The municipality is currently recruiting JEM teams for Musquodoboit Valley and the Riverlake and District.

RIVERLAKES GATEWAY

The Riverlakes Gateway to the Shubie Canal Waterway (SCC) was unveiled September 10th at the McDonalds Sports Park.

In 2021, the Waverley Amateur Athletics Association (WAAA) [McDonald Sports Park](#) responded to a funding opportunity with the [Shubenacadie Canal Commission](#) under their "Transitions" program. As a result of that submission, they agreed to partner on the purchase and placement of a dock at the park, with the purpose of providing a beautiful natural starting point for exploration of the historic canal system.

WAAA in turn agreed to work together to develop some interpretative signage information to help park users better understand the history of the canal system, particularly that of our First Nations community, who have occupied parts of the waterway for four thousand years.

The sign was a collaboration between the WAAA, SCC and the [Waverley Heritage Museum](#) who have recently completed a major Mi'kmaq exhibit.

This was truly a community effort. Another local partner was [Old Creel Canoe & Kayak](#) who provided the dock and placed it in the lake.

As Councillor, I was pleased to provide district capital funds for benches and picnic tables from a local social enterprise - [LakeCity Works](#) Plastics.

Thanks to Mary McDaid for the background on this fantastic community project!
