SUBJECT: Minimum Reserve Bid Tax Sale – October 18, 2022

INFORMATION REPORT

ORIGIN

This report originates from the HRM minimum reserve bid tax sale which took place on October 18, 2022.

LEGISLATIVE AUTHORITY

HRM Charter Section 158(4) states:

(4) Where no bid is received for any land sufficient to satisfy the full amount of the taxes, interest and expenses due in respect of the land and the Municipality does not purchase the land, the Municipality may, without further notice to the owner and encumbrancers, again advertise the property and

(a) sell it at auction for the best price that may be obtained; or

(b) call tenders for the property and sell it for the highest tender,

and the Council may direct the Treasurer as to what constitutes an acceptable minimum bid or tender price.

Administrative Order 18, The Revenue and Collections Policy section 4.2.3(h)(3) states:

Where the property has been put up for tax sale three times in the past with no satisfactory offer staff will then proceed, as per section 158 (4) of the HRM Charter, and without further notice to the owner and encumbrances, to again advertise the property and sell it at either public auction or tender starting with the minimum reserve bid as set by Council resolution.

Any remaining arrears after the tax sale will be adjusted to the allowance for tax account (G/L 2521). Staff will then advise Council of the results, including any adjustments within 30 days of the tax sale via an information report.

On May 22, 2012 Council approved the above-mentioned amendment to Administrative Order 18 (sec 4.2.3(h)(3)), The Revenue and Collections Policy, with respect to tax sale action for properties taken to tax sale 3 times and received no bids.

BACKGROUND

At tax sale, a property is listed for the amount of taxes owing, interest and expenses. Properties that do not sell are brought forward to the next tax sale. If the property has not sold for the amount of taxes owing, interest and expenses after 3 tax sales, the property will be brought to the fourth tax sale listed at a new minimum bid (plus expenses) instead of the full amount of taxes owing, interest and expenses.

Staff have tried 3 previous times, unsuccessfully, to sell the properties as listed in Schedule 1 at tax sale. Taxes continue to accrue, and bad debt allowances must be held against this receivable. Staff believe that it is in the best interests of all rate-payers that these tax accounts once again become active by getting parcels into interested parties' hand thereby ensuring increasing development, and ultimately revenue for HRM, rather than abandonment and unpaid tax accounts. Through this process, staff is hopeful that the properties under new ownership will become less of a collection risk, be re-capitalized or developed, which in the long run would add taxable value to future assessment rolls.
