Subject: RE: Request to present at the next Environment and Sustainability Committee meeting

Dear Karen

Your request to present to the Environment and Sustainability Standing Committee was considered by Environment and Sustainability Standing Committee Agenda Review.

In this instance, Agenda Review has referred the request to present to the Community Planning and Economic Development Standing Committee and Harbour East Marine Drive Community Council Agenda Review for their consideration.

Andrea Lovasi-Wood is the Legislative Assistant for the Harbour East Marine Drive Community Council, and will be in touch with you after Harbour East Marine Drive Community Council Agenda Review has considered your request.

I am Legislative Assistant for the Community Planning and Economic Development Standing Committee, and will be in touch with you after Community Planning and Economic Development Standing Committee Agenda Review has considered your request.

Best Regards,

Catie

Subject: [External Email] Request to present at the next Environment and Sustainability Committee meeting

[This email has been received from an external person or system]

To the Clerk:

The Old School in Musquodoboit Harbour was the recipient of a Farm Credit Council/Agri Spirit grant to provide a solar water pump, pumphouse, and spigot along the Trail near the Dale Bennett Ballfield. The purpose of this project is to provide access to aquifer water during drought and while people are walking the Trail. The project is near completion.

After many months of paperwork and discussions, the HRM staff have decided not to lease us the small parcel of land that the project requires.

We wish to present evidence to the committee that this decision is wrong for the community and for the region, in hopes of overturning it. We hope to open the pumphouse in the spring of 2023 and need HRM to provide the lease

We will be happy to supply documentation in support of this hearing upon request. We have copies of paperwork filed, photos, insurance documents, water test and flow results, and approval from the province.

Please schedule this opportunity and thanks.

Best,

Karen Bradley
Co-Chair of the Board, Old School Community Gathering Place
Musquodoboit Harbour, NS
