Subject: [External Email] Presentation Request - Environment and Sustainability Standing Committee

[This email has been received from an external person or system]

Dear Sir / Ms.,

I am writing to request an appointment at the earliest opportunity to present to the Environment and Sustainability Standing Committee (HRM) in order to request an expression of support for a clean energy pilot that has been proposed to the Government of Nova Scotia.

The project is a deep closed loop geothermal plant, that would produce roughly 10% of Nova Scotia's current power consumption. The pilot aims to deliver low cost, stable, clean power to the NS grid.

I understand, after discussing the issue with HRM leaders, that this is likely the proper pathway to request a written expression of support from Mayor Mike Savage and HRM, with an objective to boost provincial resolve to follow through with the initiative,

Kind Regards,

Kevin Mullen C.E.O.
