Subject: [External Email] Re- Friends of Halifax Common presentation

[This email has been received from an external person or system]

Hi Catie,

I'm writing to request an opportunity for Friends of Halifax Common to present to the HRM Community Planning and Economic Development Standing Committee. We are a volunteer society formed in 2007 to help protect the Halifax Common and ensure that the goals and objectives of the 1994 Halifax Common Plan to preserve, recapture and not give up lands on the 240 acre Common were upheld. Now we have grown to regularly update approximately 3,000 supporters. Our board members recently submitted comments to HRM staff on the Halifax Common Master Plan, the culmination of thousands of hours of work.

We feel this is a good time to update the committee on our work.

Best wishes,  
Peggy Cameron, Co-chair Friends of Halifax Common [www.halifaxcommon.ca](http://www.halifaxcommon.ca)
