To effectively carry out the duties specified above, it is important for WACH Members to be informed about issues facing women in the HRM. Thus in 2023, WACH will continue to devote time to becoming better informed about these issues.

The three items listed in the Subcategories/Action column listed below were identified at the December 2022 WACH meeting as priorities for learning. WACH believes that devoting time to learning about these issues will enable them to more effectively perform the duties specified in AO-2019-004-GOV. The actions listed in the Performance Outcomes column indicate WACH's desire to convert their learning to action.
