Morning,

The August 24 meeting would work for me. What I will be making the case for/asking for (I think) is for the committee to determine (via report/stakeholder engagement) the safest way for non car users to use shared road space, and then use that information to change road safety messaging. For example, previous heads-up campaigns said things like "make eye contact" and "check mirrors." Not to say that either of those are bad, but it would also be good if the city had messaging directed at drivers like "Cyclists move to the front at traffic lights" or "Cyclists can take the lane for their safety." This is first draft stuff, but essentially I think council should direct staff to make sure all future messaging puts an appropriately large share of the shared responsibility on the driver, as it should be, and include messaging that normalizes safe active transit behaviour and starts to adjust driver expectations.

Cheers,

**Matt Stickland**

Dear Matt Stickland,

Thank you for your email. To submit a request for presentation, please provide an outline for the proposed presentation, whether there is a desired outcome or if the presentation is simply intended to convey information. All requests for presentation will be considered during the agenda review process.

Possible outcomes of your request include:

- placement on an agenda
- referral to a different meeting group (standing committee, community council, or other board/committee)
- referral to staff
- determination that only written submissions will be received on the topic
- if subject matter is outside the jurisdiction of the Halifax Regional Municipality, refusal of the request

The next *Transportation Standing Committee* you'd be able to present at is on August 24, 2023 and the following meeting scheduled for September 28, 2023. If either of these dates would pose a scheduling conflict, please let me know. Following a decision by the Agenda Review Committee, Catie will reply by email to let you know the outcome of your request to present.

Please note that if your request to present is approved, your request and any accompanying documentation (i.e. presentation slides, handouts etc.) will form part of the agenda and public record, including being posted on Halifax.ca. Further information regarding presentations is available on our website at <https://www.halifax.ca/city-hall/regional-council/presentations>

Meetings are audio and/or video recorded for the purpose of creating a record of the proceedings. If you do not wish to be recorded, please do not place a request to present; you can provide a written submission instead.

Best Regards,

Good Morning,

I am Matt Stickland, president of the Legal Road Users Bicycle Club. I want to make a presentation to the committee with a suggestion/request to improve the messaging of street safety education campaigns at the next meeting.

Cheers,

**Matt Stickland**
