Dear Emma Moore,

This is to confirm that your request has been received and will be taken forward to the Agenda Review Committee of the Community Planning and Economic Development Standing Committee for their consideration.

The Agenda Review Committee met earlier this week and finalized the agenda for their September 14th meeting. The next Committee meeting is scheduled for Thursday, October 19th, with the following meeting to be held on Thursday, November 16th. If either of these dates would pose a scheduling conflict please let me know. Following a decision by the Agenda Review Committee I will reply by email to let you know the outcome of your request to present.

Please note that if your request to present is approved, your below email and any accompanying documentation (i.e. presentation slides, handouts etc.) will form part of the agenda and public record, including being posted on Halifax.ca. Further information regarding presentations is available on our website at <https://www.halifax.ca/city-hall/regional-council/communicating-halifax-regional-council>.

Meetings are audio and/or video recorded for the purpose of creating a record of the proceedings. If you do not wish to be recorded, please withdraw your request to present; you can provide a written submission instead.

Best Regards,
Annie Sherry

Hi there,

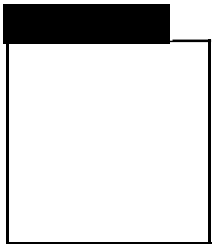

This is my formal request for a presentation to be added to the agenda of the September 12th council meeting. The presentation will cover concerns about the lack of tourism accommodations on the Eastern Shore, and the impact fewer tourism accommodations will have on the fragile Eastern Shore economy. I am an invested Eastern Shore business owner and stakeholder, hoping to shine some light on our often forgotten area. This presentation will last less than 10 minutes and include a powerpoint presentation, if allowed. Below are some of the topics that will be covered in the presentation:

- Why the Eastern Shore economy is unique and very separate from Halifax
- Existing accommodation options post-airbnb ban
- Businesses and stakeholders affected by the short term rental ban
- Solutions for housing, unique to the Eastern Shore

I ask that this presentation be added to the agenda for the September 12th council meeting. The goal is to convey information, and hopefully spark some consideration by councillors into adjusting the way the short-term rental ban is handled in areas outside of the Halifax core.

If more information is needed to add this to the agenda, please let me know.

Hello Emma,

You can make a request to present to Regional Council. If you're looking for this request to be specific to the September 12 meeting, we would need your request submitted by Tuesday September 5 at 1pm.

To submit a request for presentation, please provide an outline for the proposed presentation, whether there is a desired outcome or if the presentation is simply intended to convey information. All requests for presentation will be considered during the agenda review process.

Possible outcomes of your request include:

- placement on an agenda
- referral to a different meeting group (standing committee, community council, or other board/committee)
- referral to staff
- determination that only written submissions will be received on the topic
- if subject matter is outside the jurisdiction of the Halifax Regional Municipality, refusal of the request

Please note that if your request to present is approved, your request and any accompanying documentation (i.e. presentation slides, handouts etc.) will form part of the agenda and public record, including being posted on Halifax.ca.

Further information regarding presentations is available on our website at <https://www.halifax.ca/city-hall/regional-council/presentations>

Meetings are audio and/or video recorded for the purpose of creating a record of the proceedings. If you do not wish to be recorded, please do not place a request to present; you can provide a written submission instead.
