DISCUSSION

Operating Statement:

At September 30, 2023, HRM has projected a General Rate deficit of \$6,993,900.

The business units have a projected deficit of \$8.0M and Fiscal Services has a projected surplus of \$1.0M.

The projected deficit is primarily due to increased building, utilities, contract and equipment costs exceeding what was budgeted and a decrease in deed transfer tax revenue due to decreased activity in the residential real estate market. This is partially offset by a decrease in compensation and benefits across the organization and an increase in revenue expected from Divert Nova Scotia.

A detailed explanation of variances by business unit is included in Attachment #2.

District Capital Funds:

The report of expenditures from Councillors' District Capital Funds is included as Attachment #3 and shows that \$1.9M of the \$3.2M budget has been spent or committed.

District Activity Funds:

The report of expenditures from Councillors' District Activity Funds is included as Attachment #4 and shows that \$44.2K of the \$72K budgeted has been committed or spent.

Recreation Area Rate Accounts:

The details of the Recreation Area Rate Accounts are in Attachment #5. These accounts began the year with a surplus of \$1.2M. \$735K has been spent, against revenues of \$1.1M leaving a surplus of \$1.6M.

Reserves Statement:

The reserve balances at September 30, 2023 are \$448.2M, with projected closing balance at March 31, 2023 of \$231M. Of this balance, \$23.7M remains uncommitted. The details are included in Attachment #6.

Aged Accounts Receivable:

The Aged Accounts Receivable schedule, included as Attachment #7, represents HRM's gross unconsolidated accounts receivable position which was \$463.9M at September 30, 2023.

Capital Projection Summary:

The Capital Projection Summary is included as Attachment #8. For the six-month period ended September 30, 2023 actual expenditures in these projects were \$90.4M, and there is an additional projected spend \$191.0M on these projects in Fiscal 2023/24, resulting in a projected work in progress at year-end of \$476.8M.

Hospitality Expenses Summary:

The quarterly Hospitality Expenses Summary is included as Attachment #9. For the three-month period ended September 30, 2023 there were \$21,900 of hospitality expenditures.
