HalifaxStanfield

Who We Are

2022-2026 Strategic Priorities

Champion People and Community

Reinforce Our Foundation

Chart New Territory

Lead a Sustainable Future

Advance the Stanfield Experience

Mission

Accelerating the growth of our communities by connecting people and goods to the world.

Vision

Inspired people and partners creating Canada's best gateway airport.

Values

People Matter. We are friendly, caring and innovative, creating a place where everyone feels respected, included and inspired.

Always Safe and Secure. We have an unrelenting focus on the health, safety and security of people, passengers, visitors, and goods.

The Right Thing to Do. We make decisions based on integrity and a sense of humanity.

Above and Beyond. We deliver service excellence that is recognized around the world.

Acting Today for Tomorrow. We apply sustainability principles to help create a better airport and healthier communities now and into the future.

Together is Better. We collaborate and cooperate to successfully achieve our common goals.

Halifax Stanfield Highlights

The largest airport in Atlantic Canada.

The 8th busiest airport in Canada.

The only airport in Atlantic Canada with U.S. Preclearance.

Offering direct access to markets across North America, Europe, the Caribbean and Asia.

2022 By the Numbers

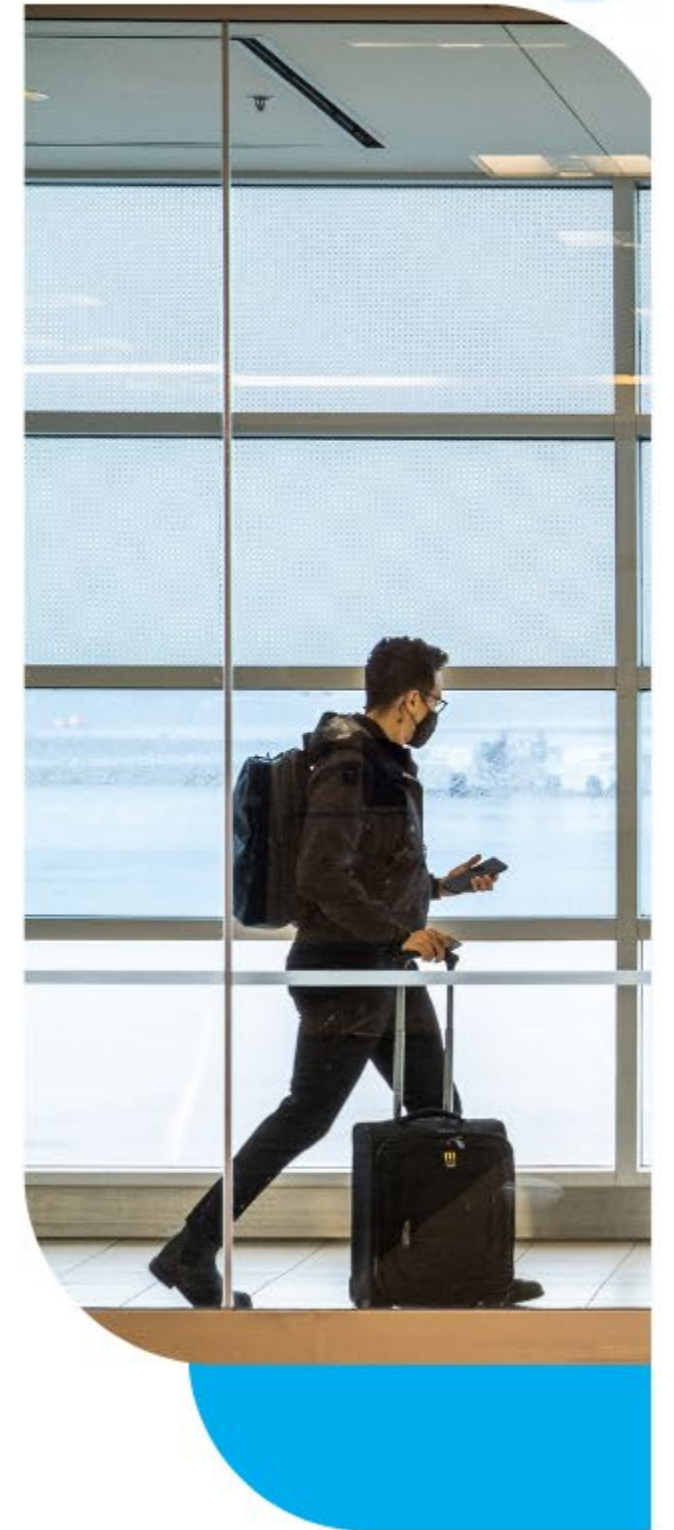

3.1 million passengers

37,000 metric tonnes of cargo processed

35 non-stop destinations (passenger flights)

16 passenger airlines

11 cargo airlines

Economic Impact on HRM

Halifax Stanfield has significant direct and indirect economic impacts on the Halifax Regional Municipality economy in 2022:

- Total economic output of \$2.6 billion
- Total GDP (Basic Prices) of \$1.2 billion
- Total labour income of \$612.4 million
- Total employment (FTE) of 12,058

Acting Today for Tomorrow

We're reducing Halifax Stanfield's carbon footprint by:

- Constructing a new taxiway on one of our runways to improve aircraft operational efficiency, reducing aircraft engine idling.
- Installing electric vehicle and equipment charging infrastructure for airport operations and those who park at the airport.
- Replacing lighting fixtures on our airfield and in our buildings with energy-efficient LED technology.

Together is Better

We're working collaboratively with HRM by:

- Sharing input on proposed updates to the land-use by-laws around the airport.
- Finding solutions to improve the passenger experience for the Halifax Transit Airport Express
- Cleaning up illegal dumping sites on the Old Guysborough Rd. following discussions with our area Councillor.
