It is recommended that the Audit & Finance Standing Committee forward the Third Quarter 2023/24 Financial Report to Regional Council for their information.

DISCUSSION

Operating Statement:

At December 31, 2023, HRM has projected a General Rate surplus of \$1,167,900.

The business units have a projected deficit of \$8.8M and Fiscal Services has a projected surplus of \$10M.

The projected surplus is primarily due to a decrease in compensation and benefits across the organization, decrease in current year appeals, savings associated with a decrease in diesel prices, increase in building permits and revenue from Divert Nova Scotia. This is partially offset by increased building, utilities, contract and equipment costs exceeding what was budgeted and a decrease in deed transfer tax revenue due to decreased activity in the residential real estate market.

A detailed explanation of variances by business unit is included in Attachment #2.

District Capital Funds:

The report of expenditures from Councillors' District Capital Funds is included as Attachment #3 and shows that \$2.2M of the \$3.2M budget has been spent or committed.

District Activity Funds:

The report of expenditures from Councillors' District Activity Funds is included as Attachment #4 and shows that \$57.1K of the \$72K budgeted has been committed or spent.

Recreation Area Rate Accounts:

The details of the Recreation Area Rate Accounts are in Attachment #5. These accounts began the year with a surplus of \$1.2M. \$832K has been spent, against revenues of \$1.1M leaving a surplus of \$1.5M.

Reserves Statement:

The reserve balances at December 31, 2023 are \$433.7M, with projected closing balance at March 31, 2023 of \$241.3M. Of this balance, \$22.7M remains uncommitted. The details are included in Attachment #6.

Aged Accounts Receivable:

The Aged Accounts Receivable schedule, included as Attachment #7, represents HRM's gross unconsolidated accounts receivable position which was \$60M at December 31, 2023.

Capital Projection Summary:

The Capital Projection Summary is included as Attachment #8. For the nine-month period ended December 31, 2023 actual expenditures in these projects were \$163.2M, and there is an additional projected spend \$88.8M on these projects in Fiscal 2023/24, resulting in a projected work in progress at year-end of \$361.1M.

Hospitality Expenses Summary:

The quarterly Hospitality Expenses Summary is included as Attachment #9. For the three-month period ended December 31, 2023 there were \$2,600 of hospitality expenditures.
