Subject: [External Email] Presentation request to TSC

[This email has been received from an external person or system]

Hello,

I'd like to make a presentation to the TSC and perhaps environment and sustainability ctee depending on what agenda ctee (or whoever makes this call) determines it might be relevant to. I know there's been a lot of talk in council about secondary or emergency exits for subdivisions like mine. Although, admittedly council's debates have been focused on the areas of last year's fires.

Anyways, I think council would be served in re-working the problem from a slightly different perspective. So I would like to give a presentation to the TSC about how the Green Network Plan can also function as an emergency egress plan. Happy to provide any additional information about this presentation. This is on behalf of myself, not in any official capacity.

Cheers,

Matt Stickland
