Item No. 13.1.3
Executive Standing Committee
June 17, 2024

TO: Chair and Members of the Executive Standing Committee

SUBMITTED BY:

Cathie O'Toole, Chief Administrative Officer

DATE: May 21, 2024

SUBJECT: **Amendments to Emergency Management By-Law E-100 and Administrative Order 2018-006-OP**

ORIGIN

This report is staff-initiated. The recommended amendments would give effect to the CAO's decision to transfer emergency management from Halifax Regional Fire & Emergency ("HRFE") to Community Safety.

LEGISLATIVE AUTHORITY

Emergency Management Act, 1990, c.8

Administrative Order 2018-006-OP, the *Halifax Regional Fire & Emergency Administrative Order*

RECOMMENDATION

It is recommended that Executive Standing Committee recommend that Halifax Regional Council:

1. Adopt By-Law E-103, the purpose of which is to amend to By-Law E-100, to reflect the transfer of the role of Municipal Emergency Management Coordinator to Community Safety as set out in Attachment C.
2. Adopt the Amendments to Administrative Order 2018-006 OP, the purpose of which is to reflect the transfer of emergency management coordination from the responsibilities of HRFE as set out in Attachment D.

BACKGROUND

Section 10 (1)(a) of the *Emergency Management Act* of Nova Scotia requires all municipalities to establish and maintain a municipal emergency by-law. Halifax Regional Council passed By-law E-100, Respecting of a Prompt and Coordinated Response to an Emergency on May 14, 1996. By-law E-100 was last amended by Regional Council on September 5, 2017.

The Emergency Management By-law (E-100) was originally established in 1996 as part of the creation of the Halifax Regional Municipality and was developed from a provincially accepted model. It was approved by both the Minister Responsible for the *Emergency Management Act* and the Minister of Housing and Municipal Affairs. The By-law was most recently amended in 2017 to reflect the organizational model of the municipality at that time. The Amendment was approved by the Minister of Service Nova Scotia and Municipal Relation.

DISCUSSION

On March 10, 2023, the CAO announced the creation of a new organizational unit called Community Safety. This allowed for the consolidation of programs and activities in the areas of social policy, housing and homelessness, public safety, as well as emergency management, which were previously carried out in different areas.

Emergency management coordination was transferred from HRFE to Community Safety as part of broader organizational restructuring.

Prior to the creation of the Community Safety business unit, the Fire Chief was responsible for municipal emergency management. The role of municipal emergency coordinator was designated to the Division Chief of Emergency Management. The role is now held by the Director of Emergency Management.

While no substantive changes are needed within the By-law to ensure compliance, in order to keep it current the wording of the By-law needs to be updated to better reflect the current organizational model of the municipality.

Similarly, the language of the HRFE AO needs to be updated to bring it in line with the current organizational structure of the municipality.

FINANCIAL IMPLICATIONS

No financial implications at this time.

RISK CONSIDERATION

There are no significant risks associated with amending the Emergency Management By-law. Under provincial legislation, the by-law, once approved by Council needs to be forwarded to the Minister responsible for the *Emergency Management Act* for provincial approval. There is a potential risk that the Minister may not approve the amended by-law.

There is no risk associated with the recommendation to amend the HRFE AO.

COMMUNITY ENGAGEMENT

No community engagement was required.

ENVIRONMENTAL IMPLICATIONS

No environmental implications were identified.

ALTERNATIVES

Executive Standing Committee could choose not to recommend an adoption of By-Law E-103 to Regional Council. This alternative is not recommended.
