Subject: [External Email] Request to speak at Transportation Standing Committee meeting on 19 June

[This email has been received from an external person or system]

Hello,

I'd like to speak on two items that I understand will be included for discussion at this meeting:

1. The 2024 Road Safety Strategy
2. The Implementation plan for protected left and right turn movements at signalized intersections to enhance vulnerable road user safety.

Whichever public speaking slot supporting presentation slides would be ideal, thank you.

Best wishes

Martyn Williams
