Hi Tony and Olawumi,

That sounds great, thanks! I've cc'd Jess here (Nature NS) and Karen (EAC). We'd love to speak to the ESSC and present a few of our groups key priorities for birds.

Cheers,

Amy

Hello Amy,

It was good to hang out with you in Shubie Park. We would love to have you speak to the Environment & Sustainability Standing Committee (ESSC). I have included in this email Olawumi who is with clerk's office. Olawumi will reach out to you and make arrangements for you to present to ESSC.

Thanks for the awesome pic

Tony

Hi Tony!

It was great meeting you and chatting about birds the other day at Shubie Park. I'd love to continue the conversation and our Bird-Friendly Halifax group would love the chance to speak to the Environment Council in the near future. I've cc'd Jess here (Nature Nova Scotia), and we also have other members from the EAC, Birds Canada, NS Bird Society and others.

Let us know when a good opportunity is to share our ideas, and help others better understand the plight of birds living in and migrating through urban areas like Halifax.

Here is a photo attached of you chatting with one of your feathered constituents ;) Hope you're enjoying the Merlin app!

Cheers,

Amy
