Item No. 15.1.1
Halifax Regional Council
August 6, 2024

TO: Mayor Savage and Members of Halifax Regional Council

FROM: Brad Aguish, Acting Chief Administrative Officer

DATE: June 18, 2024

SUBJECT: **Case CA137: Proposed Amendments to Administrative Order 29, Respecting Civic Addressing Policies – Street Naming June 1 2022 – March 1 2024**

ORIGIN

Street naming requests submitted through new subdivision applications, development permits and corrections projects from June 1 2022 to March 1 2024.

EXECUTIVE SUMMARY

This report contains street names submitted from June 1 2022 to March 1 2024, for both private roads and public streets. It is recommended that Regional Council approve these street names and approve amendments to Schedule C of Administrative Order 29 to include these new streets.

Each of these street names have been reviewed by staff and have been determined to meet HRM's street naming policies. Street naming is an essential component of HRM's civic addressing assignment procedures. There are no risks the approval of the street namings proposed in this report.

RECOMMENDATION

It is recommended that Halifax Regional Council:

1. Approve the removal of the name Dr Donald Skeir from the Commemorative Names list for municipal assets.

It is also recommended that Halifax Regional Council adopt the proposed amendments to Administrative Order 29 Respecting Civic Addressing Policies as set out in Attachment A of this report in order to approve:

2. The naming of 57 private roads as identified in Attachment A and Attachment D
3. The naming of 20 public streets as identified in Attachment A and Attachment D

BACKGROUND

The *Halifax Regional Municipality Charter* (HRM Charter) allows Regional Council to name and rename any street or private lane by policy. In accordance with the HRM Charter, Council has adopted Administrative Order 29, Respecting HRM Civic Addressing Policies and By-law C-300, Respecting Civic Addressing. Regional Council officially approves all new street names for public streets and private roads.

Civic Addressing Policy and By-law

The *Civic Addressing By-law* (C-300) requires that all names must be approved in accordance with the Civic Addressing Policy (the “Policy”). Schedule A of the Policy (attached as Attachment B to this report) contains the guidelines that must be followed for all new street or road names. Names are required for those streets or roads which are submitted through:

- a) the subdivision process for new public street and new private lanes; and
- b) the application process for existing un-named private lanes.

The *Civic Addressing By-law* defines a private road as “any street, road or travel way, which serves three or more structures or facilities and is not owned by Halifax Regional Municipality or the Province of Nova Scotia”. Therefore, all private roads providing access to three or more structures or facilities must be named.

Section A4 of the Street Name Guidelines (Schedule A of Admin Order 29) states that no double-barreled names shall be permitted except for HRM place names listed in the Nova Scotia Gazetteer or approved heritage names. Staff understand heritage names to be municipal commemorative asset names that are approved through Administrative Order 46. With the applicant’s permission, any approved commemorative name may be used on a private road.

One name contained within this report, Dr Donald Skeir Way, was approved as a commemorative name by Regional Council on December 13, 2022, and has since been requested for use on a private road, with the applicant’s consent. The current approval of the use of that name is limited to public assets only. In order to comply with the placement request, the name must be removed from the municipal commemorative names list and given approval to allow its designation for the proposed private road. The Asset Naming Committee has considered and approved this proposal.

DISCUSSION

The following list of street names have been reviewed in keeping with HRM’s Civic Addressing Policies and By-law and staff advises that all the proposed names are consistent with the Policies and By-law. Therefore, it is recommended that Regional Council approve all names, as contained in Attachment A.

Proposed Street Namings

1. Private Lane Naming

As per section 3(h) of the *Civic Addressing By-law* a private road means any street, road or travel way which serves three or more civic addresses and is not owned by HRM or the Province of Nova Scotia. There are at least three (3) addresses assigned to these lanes. In accordance with the By-law, any lane providing access to three or more civic addresses shall be named and any existing civic numbers will be adjusted accordingly.

*Solace Lane and Goose Lake Rd are streets located on Provincial land with no public service. These streets were named in consultation with the Province of Nova Scotia.

FINANCIAL IMPLICATIONS

The costs associated with the Administration of the *Civic Addressing By-law* and Administrative Order 29 can be accommodated within the 2023-2024 operating budget for C340 Heritage and Planning Information Services with Planning and Development.

RISK CONSIDERATION

There are no risks associated with the approval of the street namings proposed in this report.

If Regional Council elects to not approve some, or all, of the street namings included in Attachment A, there will be varying degrees of impact experienced by property owners and residents. In some circumstances, properties would be required to be readdressed and new street signage would be required to be installed. Not approving the street namings in Attachment A poses a risk of inconvenience to residents and property owners.

COMMUNITY ENGAGEMENT

The community engagement process is consistent with the intent of the HRM Community Engagement Strategy. The level of community engagement was notification and/or consultation with affected property owners in accordance with subsection 4(2) of the *Civic Addressing By-law*. As per the standard consultation process all relevant property owners were notified and/or consulted.

ENVIRONMENTAL IMPLICATIONS

No environmental implications were identified.

ALTERNATIVES

Regional Council may refuse to approve some or all the street namings as contained in Attachment A. This alternative is not recommended as these street names meet the street naming criteria set out in HRM's Civic Addressing Policies contained at Schedules A and B of Administrative Order 29.

LEGISLATIVE AUTHORITY

Schedule A Street Naming Guidelines

General Principles

Uniqueness – there should be no duplication of names.

Distinctiveness – names that sound very similar should be avoided in order to avoid diction problems when people are making emergency calls under stress

Continuity – a road running in one direction should have one name only and should have the same name throughout its entire length.

Guidelines

Street Name Characteristics

- A1. No name shall be duplicated including similar names that are differentiated by street type
- A2. No name shall sound like an existing name.
- A3. No name shall contain numbers, special characters, decimals, hyphens, or periods.
- A4. No double barreled names shall be permitted except for HRM place names listed in the Nova Scotia Gazetteer or approved heritage names.
- A5. No street names shall incorporate product, trademark or copyright names.
- A6. No name of more than 10 characters in length shall be permitted where the street type is more than 2 characters in length and no name of more than 11 characters in length shall be permitted where the street type is 2 characters in length except for HRM place names listed in the Nova Scotia Gazetteer or approved heritage names.

Street Type Definitions (new streets only)

1. An appropriate street type shall be used as follows:

Street Network Considerations

- A8. Continuous streets shall have one name throughout their entire length.
- A9. No street name shall be continued through a right angle turn.
- A10. A continuous street intersecting the same collector road more than twice shall be given a different name.
- A11. The same name shall not be used at both ends of a loop road if the middle portion of the road has not been taken over by the Municipality.
- A12. A cul-de-sac shall have a different name from its cross road.

Water Access

- A13. Where access to a property is by water only, the street name shall be deemed to be the name of the island or waterbody as listed in the Nova Scotia Gazetteer.

Heritage Names

- A14. The use of heritage names shall be encouraged.
- A15. All street names for the community of Bedford (Municipal District 21) shall confirm with the former Town of Bedford Street Naming Policy (1987)¹.

Theme Names

- A16. Where street names in a neighbourhood are based on a specific theme, the name of all new street within the neighbourhood shall be consistent with the theme.
